

Jackson Avenue Ramps Project

Project Description: The Jackson Avenue Ramps are included within the TDOT Bridge Inventory and are inspected on a biannual basis. The poor rating of the ramps resulted in qualification for participation in the federal bridge replacement program. Because TDOT is allowing local agencies to administer projects that affect local streets, the City will administer all phases of this project.

This project was a winner of a 2021 East Tennessee Preservation Award presented by Knox Heritage.

Original Pavers on New Ramp – January 2021

West Ramp – January 2021

East Ramp – January 2021

Schedule:
