

2021 Resurfacing – Phase I and Phase II Project

Project Description: This is the City's annual resurfacing program, Phase I includes approximately 20 equivalent miles of resurfacing in Council Districts 3, 4, and 5, and Phase II includes approximately 13 equivalent miles of resurfacing in Council Districts 1, 2, and 6. To solicit more competitive bids, a decision was made to advertise the 2021 Resurfacing Program as two separate, smaller projects. The bids received on this project support that decision. In addition to streets identified by the City to resurface are streets requested to be included by the Knoxville Utilities Board in an agreement between the City of Knoxville and KUB. Approximately 9.4 additional equivalent miles have been included for KUB for resurfacing streets that were damaged through utility cuts.

The list of streets to be resurfaced may be added to or deleted from as may be determined by the Engineer within the time frame of this contract.
