INTRODUCTORY SECTION

December 31, 2005

In compliance with the City of Knoxville Charter requirements, I am submitting the Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2005. This report discusses the financial results for the year, provides information on budgetary performance, and includes information on the financial condition of the City. I am also pleased to again report that the financial condition of the City remains strong.

The report has been prepared in conformance with the principles and standards for financial reporting as set forth by the Governmental Accounting Standards Board (GASB) and complies with the requirements of GASB Statement Number 34. The report also meets the requirements of the Single Audit Act of 1984 and related Office of Management and Budget (OMB) Circular A-133.

The City's financial statements have been audited by Cherry, Bekaert & Holland, L.L.P., Certified Public Accountants, and prepared by the Finance Department. The City accepts the responsibility to insure that all information included in the Comprehensive Annual Financial Report is complete and accurate. We believe the enclosed data completely and accurately present the financial condition of the City.

This report, like previous reports, consists of three sections: Introductory, Financial, and Statistical. The *Introductory Section* includes the City's Letter of Transmittal, a listing of officials, an organization chart, and a facsimile of the Certificate of Achievement. Next, the *Financial Section* is composed of the independent auditor's opinion, Management's Discussion and Analysis, basic financial statements, informational notes, required supplemental information, and various combining and individual fund statements. Finally, the *Statistical Section* provides selected unaudited financial and demographic information on a multi-year basis.

Accounting principles generally accepted in the United States of America (GAAP) require that management provide a narrative introduction, overview and analysis to accompany the financial statements in the form of the Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Knoxville's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The City of Knoxville operates under the Mayor-Council form of government. Policy-making and legislative authority are vested in the nine member City Council, six of whom represent specific districts and three of whom are elected at large. The mayor and council members are elected on a non-partisan basis and are elected to four-year terms. The City Council is responsible, among other things, for passing ordinances, determining policies, and adopting the budget. The mayor is responsible for carrying out the policies and ordinances of the City Council, for overseeing the day-to-day operations of the City, and for appointing the heads of the City's departments.

This report covers all funds of the City of Knoxville. The City provides a full range of services, including, but not limited to, police and fire protection; solid waste collection and disposal; the construction and maintenance of highways, streets, and infrastructure; recreational activities; and cultural events. In addition, the City of Knoxville has financial accountability over the Knoxville Utilities Board (KUB), the Metropolitan Knoxville Airport Authority (MCAA), Knoxville Area Transit (KAT) and the City Employees' Pension Fund. The financial statements of KUB, MCAA and KAT are included in the body of this report, noted as Component Units on the Government Wide Statements. The financial statements of the City Employees' Pension Fund are included in the body of this report, noted separately as the sole Fiduciary Component Unit.

Local economy

The overall economic health of the metropolitan Knoxville area remains positive. The City serves as the economic hub of entire upper East Tennessee area, and its trade sector is one of the strongest in the state. Knox County has the fourth highest per capita sales tax rate in the state, at roughly 123% of the state average. Seventy-six percent of the taxable sales within the County occur inside the corporate limits of Knoxville. The following table displays local sales tax collections (in thousands) to the City over the past five years.

<u>Year</u>	<u>Collections</u>	<u>% Growth</u>
FY 00/01	\$29,953	1.61%
FY 01/02	\$28,819	-3.79%
FY 02/03	\$29,031	0.74%
FY 03/04	\$30,529	5.16%
FY 04/05	\$31,785	4.11%

The local sales tax is a situs based revenue. That is, the point of sale location determines the governmental entity receiving the proceeds. In recent years, there have been several situs reclassifications that have shifted revenues between the City of Knoxville and Knox County. In FY 01/02, the City of Knoxville suffered from a change, which shifted funds to the County, accompanied by a large one-time correction of prior revenues. In other years the shifts have been reversed. These shifts account for the large variations seen in the growth pattern for annual collections. Were it not for these reclassifications, the City and County would tend to mirror each other. In FY 00/01, sales tax collections on a countywide basis increased by 1.69%. Growth in subsequent years was 1.34%, 0.68%, 5.53% and 3.92%.

As noted above, the City experienced a 4.11% growth in local sales tax. This compares to an overall growth of 3.92% in Knox County as a whole. Overall growth in state sales taxes, which factors out rate differentials, shows the overall County growth at 2.93%. This compares to a statewide growth rate of 4.56%.

The presence of the University of Tennessee along with TVA lends stability to the area, making the local economy less cyclical than either the national or state economy. This contributes to a low unemployment rate, which averaged 4.5% (Knoxville MSA) and 4.2% (Knox County) in FY2005. This compares very favorably to the national unemployment rate of 5.7% and the state rate of 5.7% as well as the other major metropolitan areas of the state (Chattanooga – 4.8%, Memphis – 6.4%, and Nashville – 4.5%). Knox County had a labor force of 212,450 in 2004, and the economic development initiative *Jobs Now!* continues to work toward further increases. Job growth has been positive in the recent past and is forecast to continue in the near term, although some shifting among sectors is anticipated. Trade and service sectors are forecasted to grow at a strong rate, and the finance, real estate, communication, and transportation sectors are also expected to do well, while manufacturing is expected to decline.

Knoxville is at the intersection of two major interstate highways (I-40 and I-75) and near the terminus of a third interstate (I-81). Because of its central location in the eastern United States, the Knoxville area serves thousands of industrial and commercial customers in a concentrated eight-state area. It is

within 500 miles of approximately one-half of the population of the United States. The County for many years has been known as one of the South's leading wholesale markets. Located within the County are 875 wholesale establishments, 1,887 retail establishments and 5,356 service establishments.

In addition to being a manufacturing and distribution center, the County ranks second among the five metropolitan counties of Tennessee in agricultural production. The County's principal crops are barley, tobacco, corn, wheat, hay, vegetables and fruits. Beef and milk production are important farming activities. Meat packing and preparation of other food products have shown a steady increase in the County in the last several years.

The area also benefits from the State's high ranking in Alexander Grant and Company's *General Manufacturing Climates*. The study has consistently ranked Tennessee as one of the top areas in the nation for manufacturing. A great deal of this industrial growth has taken place in the community's eleven industrial parks, which are zoned as part of a planned industrial development program.

Tourism also plays a vital role in the economic development of area. In 2003, travelers spent more than \$599 million in Knox County, ranking it fourth in the state for visitor expenditures. Knoxville supports an active tourism and convention trade. The 500,545 square foot convention center on the World's Fair Park site, which opened in June 2002, features spacious meeting rooms and a 400-seat lecture hall. Other facilities include a civic coliseum/auditorium, an exhibition hall/convention center, a 25,000-seat arena, and a conference center at the University of Tennessee. Knoxville's multitude of annual events include the Dogwood Arts Festival, Tennessee Valley Fair, Boomsday, Christmas in the City and many cultural activities.

Knox County is the principal Gateway to the Great Smoky Mountains National Park, located 40 miles to the southeast. There are over 500,000 acres that make up the nation's most visited National Park, extending over the States of Tennessee and North Carolina. More than 9.2 million people visited the National Park in 2004.

In addition to the natural beauty of the area, two of the major attractions in the Smoky Mountains are Gatlinburg and Pigeon Forge. Gatlinburg, a tourist town which has accommodations for over 60,000 people, features numerous restaurants, craft shops, and gift stores, along with a ski lodge, ski-lifts, convention center and tramway, making it a year-round resort town. Pigeon Forge, a tourist town and shoppers mecca at the foothills of the mountain, has accommodations for approximately 40,000 people. Its attractions include Dollywood - a country-style theme park, a waterslide park, a rodeo dinner theater, and numerous miniature golf courses, bumper boat rides, and theme museums.

Knoxville seeks to capitalize even more from its location through such projects as the Women's Basketball Hall of Fame, the Gateway Regional Visitor Center, Volunteer Landing, and the Knoxville Zoological Gardens.

Knoxville consistently is ranked among the best places to live in the country. According to Places Rated Almanac Millenium Edition, Knoxville was ranked the best place to live for cities under one million in population. Knoxville was ranked 13th for "Best Places for Business and Careers" in Forbes magazine 2004 and 3rd on the Best Cities for Relocating Families list of Worldwide ERC and Primary Relocation, 2004. Knoxville was also noted as "Top Mid-Market with populations between 250,000 and 750,000" by the Southern Business and Development Magazine June 2003 and 14th among the "Top Logistic Cities in the Southeast". The City has also been cited nationally for its low tax rate.

The quality of life, low cost of living, convenient interstate access, along with other factors make the area an attractive location for many types of operations, particularly those in the growing field of telecommunications. Knoxville serves as home to numerous customer service centers, including Jewelry Television by ACN, Cendant Corporation, ClientLogic Corporation, G.C Services, Kimberly-Clark Corporation, Nova Information Systems, U.S. Cellular and Whirlpool Corporation. The City has worked with these firms, and others, to help foster relocation to Knoxville, or expansion of existing facilities. Companies having their corporate headquarters in Knoxville include Home and Garden

Television (HGTV), Clayton Homes, CTI Molecular Imaging Corporation, DeRoyal Industries, Goody's Family Clothing, Pilot Corporation, and Sea Ray Boats.

The Metropolitan Knoxville Airport Authority (MKAA) has also contributed to area growth. McGhee Tyson Airport completed a \$70 million renovation and expansion project of its main terminal and concourses in the fall of 2000. The airport is served by two major and ten regional passenger airlines that combine for 61 daily departures connecting to fifteen hub airports with non-stop service. The direct and indirect economic impact of the airport is estimated by the MKAA to be approximately \$1 billion annually. This figure includes payroll, local spending, transportation cost savings, capital spending and other benefits.

In addition, Knoxville serves as the health, educational, and governmental center of East Tennessee. Knoxville is the home to the University of Tennessee's main campus with over 27,000 students, including its teaching hospital and veterinary school. Six other colleges operate in Knoxville, with thirty trade/vocational schools completing Knoxville's higher education system. Also operating within the area are six hospitals including the only two trauma centers for a 27-county area. The presence of the Tennessee Valley Authority, UT-Battelle, and BWXT-Bechtel serve as a magnet for technology-based corporations in the East Tennessee area. The growing trend toward allowing technology transfer to private industry is also benefiting the region. The development of the multi-billion dollar spallation neutron source project at the Oak Ridge National Laboratory is also expected to enhance economic activity and lure newer companies to the area.

Relevant financial policies/controls

Management of the City of Knoxville is responsible for establishing and maintaining an internal control structure. This structure is designed to protect the assets of the government from loss, theft or misuse. The system also attempts to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (generally accepted accounting principles). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Budgetary controls

The objective of the City of Knoxville's budgetary controls system is to ensure compliance with the City Code and Charter, as well as with state and federal guidelines regarding use of funds. No authority is granted to any department to expend above their annual appropriation without council approval. Appropriations for all funds, excluding capital projects, included in the annual budget process lapse at year-end and must be reappropriated annually. Additional budgetary controls include the City's encumbrance accounting system, which is designed to ensure that departments do not exceed or commit to exceed any appropriation for the fiscal year. Furthermore, the Mayor and the Finance Director can reserve or impound appropriations if there appears to be insufficient revenues to cover expenditures, or for any other valid reason.

Debt administration

Total general obligation indebtedness of the City decreased by \$13.8 million in fiscal year 2004/2005. The City issued \$13.75 million in general obligation debt during the year, which was used to defease \$13.395 million in old debt. Present value savings from this refunding are approximately \$0.9 million. The City has no plans to issue additional debt in fiscal year 2005/2006.

The total amount of general obligation debt outstanding as of June 20, 2005 is \$247.5 million. Of this amount, \$153.7 million represents proprietary fund debt on the Convention Center and the Locust

Street Garage. In addition to the above debt, the City has responsibility for \$1.34 million in debt relating to its portion of Animal Welfare Center, this debt being issued by Knox County.

Several indicators are useful in evaluating the City's debt position. These include the ratio of net general obligation bonded debt to assessed valuation and the amount of general obligation debt per capita. The debt ratio for the City of Knoxville (excluding component unit debt) at the end of fiscal year 2005 is as follows:

<u>General Obligation Debt</u>	<u>Amount (in thousands)</u>		<u>Ratio of Amount to Assessed Valuation 100%</u>		<u>Ratio of Amount to Estimated Actual Value</u>		<u>Debt per Capita</u>	
	<u>FY 04/05</u>	<u>FY 03/04</u>	<u>FY 04/05</u>	<u>FY 03/04</u>	<u>FY 04/05</u>	<u>FY 03/04</u>	<u>FY 04/05</u>	<u>FY 03/04</u>
Net direct bonded debt	\$217,996	\$234,489	6.55%	7.98%	2.10%	2.50%	\$1,253	\$1,348
Overlapping debt of Knox County	\$199,693	\$177,989	6.00%	6.05%	1.93%	2.29%	\$1,148	\$1,023
Total	\$417,689	\$412,478	12.55%	14.03%	4.03%	4.79%	\$2,401	\$2,371

The City's current and prior bond ratings are as follows:

<u>Debt Type</u>	<u>Fitch/ICBA</u>		<u>S & P</u>		<u>Moodys</u>	
	<u>FY 04/05</u>	<u>FY 03/04</u>	<u>FY 04/05</u>	<u>FY 03/04</u>	<u>FY 04/05</u>	<u>FY 03/04</u>
General Obligation Bonds	AA+	AA+	AA	AA	Aa2	Aa2
Revenue Bonds:						
Electric (KUB)	N/A	N/A	AA	AA	Aa3	Aa3
Gas (KUB)	N/A	N/A	AA	AA	Aa3	Aa3
Water (KUB)	N/A	N/A	AA+	AA+	Aa3	Aa3
Waste Water (KUB)	N/A	N/A	AA	AA	Aa3	Aa3

Cash management

The City of Knoxville operates a cash management program under a master banking service agreement with a major Tennessee banking institution. Idle funds are invested in accordance with the City's Investment Policy on the basis of security, liquidity and, lastly, yield. Investments are governed by state statute and City ordinances, which limit both the type and length of investments. Maturities are generally limited to two years and investments are restricted to treasury bonds and notes, agencies and instrumentalities guaranteed by the federal government, various money market instruments such as certificates of deposit, high-grade commercial paper, and bankers acceptances, and various state or local bonds. The policies also allow for participation in the State of Tennessee managed Local Government Investment Pool (LGIP).

As required by statute and ordinance, all deposits and certificates of deposit are secured by similar grade collateral pledges at 105% of market value for all amounts in excess of that guaranteed through federally sponsored insurance programs or are collateralized by participation of depository institutions in the Tennessee collateral pool.

The average yield on investments, excluding the pension fund investments, was 2.22%. Average weighted maturities in days ranged between 99 and 126 days. Duration was very short.

The City Charter mandates that portfolio management and control of the City's Pension Fund be vested in the City Pension Board. The Board is advised by Summit Strategies and engages professional investment firms in an advisory capacity.

Risk management

The City of Knoxville's risk management program is responsible for the administration of the City's self-insured liability and worker's compensation programs. The risk management division is also responsible for the administration of the City's commercial insurance and OSHA programs. An increase in net assets of \$1.995 million was reported for the Risk Management fund as of June 30, 2005, due mainly to a residual equity transfer from another fund, and supplemental funding coming from the City's General Fund. Total net assets in this fund equal \$2.211 million as of June 30, 2005.

Other information

Independent Audit

The State of Tennessee requires an independent audit performed by independent certified public accountants. The City's audit committee selected Cherry, Bekaert & Holland, L.L.P., Certified Public Accountants, to perform the fiscal year 2005 audit.

MAJOR INITIATIVES

For the Year ended June 30, 2005:

Economic development has been the primary focus during the past year. The Market Square Redevelopment Plan has been the major capital project, resulting in the makeover of the square's public space and a facelift of the facades of its historic buildings. Capital funding was provided for downtown development, historic preservation, road improvements, numerous drainage projects, and parks and greenways,

For the Future:

The focus in FY 05/06 is continued economic development, and increased operational efficiency. Major projects include completing implementation of a new financial system,, improved training, and improvements designed to reduce energy costs. Capital projects scheduled for the year include the Market Square Development Phase 3, work on a new transit center, renovation of the World's Fair Park and surrounding areas, and the initial phase of the redevelopment of the South Knoxville waterfront area.. Funding is also provided to increase job creation efforts in the City of Knoxville and the Knoxville MSA.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Knoxville for its comprehensive annual financial report for the fiscal year ended June 30, 2004. This was the nineteenth consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The City of Knoxville received GFOA's Distinguished Budget Presentation Award for the annual operating budget dated July 1, 2005. This marks the seventeenth consecutive year that the City has won this Award. The Distinguished Budget Presentation Award recognizes that the City's budget document is a proficient policy document, financial plan, operation guide and communications medium.

Acknowledgments

The preparation of this report results from the combined efforts of many people. Special recognition and appreciation goes to the City's Finance Department, Melissa Peters, the City's Internal Auditor, the City's independent auditors, Cherry, Bekaert & Holland, L.L.P., and the City Council audit committee comprised of Marilyn Roddy (Chair), Bob Becker, Joe Hultquist, Barbara Pelot, and Chris Woodhull. The national recognition afforded the City of Knoxville could not have been achieved without the increasing participation and enthusiasm of the citizens of this community. Their exceptional response to the annual survey has served as the foundation for many programs and projects developed during the budgetary process which strengthen and benefit the lives of all Knoxvilleans.

Sincerely,

Christopher P. Kinney
Sr. Director of Finance & Accountability

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Knoxville,
Tennessee

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2004

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

FINANCIAL SECTION

REPORT OF INDEPENDENT AUDITORS

City Mayor and the City Council Members of the
City of Knoxville, Tennessee

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the Knoxville Area Transit which is presented as a discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Knoxville, Tennessee (the "City"), as of and for the year ended June 30, 2005, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the component unit financial statements of the Knoxville Utilities Board, the Metropolitan Knoxville Airport Authority, or the City of Knoxville Pension System. Those financial statements were audited by other auditors whose reports have been furnished to us, and in our opinion, insofar as they relate to the amounts included for the Knoxville Utilities Board, Metropolitan Knoxville Airport Authority, and the City of Knoxville Pension System, is based on the work of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of June 30, 2005, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison of the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 5, 2006 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis on pages 3-19 and the schedule of funding progress of the pension plans on pages 72 to 73 are not a required part of the financial statements, but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion thereon.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's financial statements. The introductory section and the combining and individual fund financial statements and schedules on pages 76 to 118 are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and schedules, and the miscellaneous schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not audit the data included in the introductory or statistical sections of this report and, accordingly, we express no opinion on such data.

Knoxville, Tennessee
January 5, 2006

Management's Discussion and Analysis

The City of Knoxville is including this Management Discussion and Analysis (MD & A) to enhance the reader's understanding of the City's financial position. This section is intended to be an easily readable analysis of the City's financial activities based on currently known facts, decisions or conditions. This analysis focuses on current year activities and should be read in conjunction with the Transmittal Letter that begins on page "i" and with the financial statements that follow. All amounts are expressed in dollars, unless otherwise specified, for the results of operations for the Fiscal Year ending June 30, 2005.

Financial Highlights

- The assets of the City of Knoxville primary government exceeded its liabilities at the close of the most recent fiscal year by \$297,638,076 (*net assets*). Of this amount, \$110,041,725 (*unrestricted net assets*) may be used to meet the government's ongoing obligations to citizens and creditors.
- Net assets increased by \$18,601,702, an increase of 6.7% over fiscal 2004.
- The Fund Balance for the City's General Fund increased by \$4,854,382, an increase of 24.4%. This was the result of stronger than expected revenues accompanied by lower than expected expenditures. Only \$1,298,051 is reserved for specific purposes, and the remaining 94.8%, or \$23,748,252, is available for spending at the City's discretion (unreserved fund balance).
- Overall, the City's total general obligation debt for the primary government decreased by \$13.8 million (5.3%) during the current fiscal year. The City was able to refund \$13.4 million in outstanding debt, resulting in a net present value savings of \$0.9 million.

Overview of the Financial Statements

Like previous comprehensive annual financial reports, there are three sections to the City's new financial report – *Introductory, Financial and Statistical*. However, with the implementation of the new reporting model, some changes have been made. The first section, *The Introductory Section*, contains the City's Letter of Transmittal, a facsimile of the Certificate of Achievement, an organization chart, and a list of officials. Next, *The Financial Section* is composed of the independent auditor's opinion, Management's Discussion and Analysis, basic financial statements, informational notes, required supplemental information, and various combining and individual fund statements. Finally, *The Statistical Section* discloses data designed to further enhance the readers understanding of the City's financial health.

The heart of this financial document lies within *The Financial Section*. Here the City presents government-wide statements, funds statements, notes of explanation, required supplementary information, combining statements, information regarding capital assets used in the operation of governmental funds and other various schedules. The government-wide statements provide a thumbnail sketch of the City's entire operations, and the funds statements provide relevant information on the various funds. Further detail and explanation of pertinent information and operations is provided in the financial statements and in the notes that follow in this section.

Government-wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Knoxville's finances, in a manner similar to a private-sector business.

Government-wide statements are provided on a full accrual basis. Activities are considered either as those of Primary Government (the government as legally defined) or those of Component Units (le-

gally separate entities for which the primary government is financially accountable). Public utility and transportation services are performed by the Component Units. Activities are delineated as noted:

Primary Government

1. Governmental Activities
2. Business-Type Activities

Component Units

1. Knoxville Utilities Board
2. Metropolitan Knoxville Airport Authority
3. Knoxville Area Transit

STATEMENT OF NET ASSETS

The *statement of net assets* presents information on all the City of Knoxville's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City of Knoxville is improving or deteriorating.

The Statement of Net Assets presents the consolidated financial condition of the City at a moment of time. This statement presents assets, liabilities and total net assets categorized as either primary government or component units. Primary government activities are further delineated as either governmental or business-type. Under GASB Statement 34, the City presents a valuation of its infrastructure assets and its debt structure on one page.

STATEMENT OF ACTIVITIES

The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying events giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The focus of the Statement of Activities is to present the City's combined operational activities over the past fiscal year. Governmental and business-type items are presented with the total revenues and expenses. Those activities of the governmental funds are financed primarily by local taxes, user fees, charges for services, or subsidized by direct appropriations from the City's General Fund. Business-type operations, by their very nature, recover costs by either user fees and/or operational transfers.

Funds Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Knoxville, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Knoxville can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Governmental funds statements are provided on a modified accrual basis. The City's major funds are presented in their own columns and the remaining funds are combined with a column titled "Other Governmental Funds." (Other Governmental Funds are also noted as Nonmajor Governmental Funds or Special Revenue Funds.) Governmental funds are noted as follows:

Major Governmental Funds	Non-Major Governmental Funds/ Other/ Special Revenue Funds
1. General	1. State Street Aid
2. Debt Service	2. Community Development Block Grants
3. Capital Projects	3. Abandoned Vehicles
	4. City Inspections
	5. City Court
	6. Miscellaneous Grants
	7. Animal Control
	8. Miscellaneous Special Revenue Funds
	9. Miscellaneous Community Development Funds
	10. Storm Water
	11. Solid Waste
	12. City Judges' Retirement
	13. Coster Redevelopment
	14. Krutch Park Trust
	15. Knoxville Civic Revitalization
	16. City Choice Plus

A budgetary comparison statement for the General Fund (Statement of Revenues, Expenditures, and Changes in Fund Balances) is presented in the Fund Financial Statements section of the Basic Financial Statements. Budgetary comparison schedules for the debt service and capital projects funds (Schedule of Revenues, Expenditures, and Changes in Fund Balances) are found in the Combining and Individual Fund Statements and Schedules section. Readers who wish to obtain information on non-major funds can do so in the Combining Statements section of this report.

The Balance Sheet provides a picture of the financial (but not capital) assets associated with governmental activities, liabilities normally expected to be paid from current financial resources and the net fund balance.

The Statement of Revenues, Expenditures and Changes in Fund Balances is used for reporting all transactions, events and inter-fund activity that increase or decrease fund balances.

Because Government-Wide Statements are provided on a full accrual basis and Governmental Funds Statements are provided on a modified accrual basis, it is necessary to provide a reconciliation. Reconciliation statements are provided following both the Balance Sheet and the Statement of Revenues, Expenditures and Changes in Fund Balances. Also, a Statement of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual – GAAP Basis for the General Fund is provided in this section.

Proprietary Funds

The City of Knoxville maintains two different types of proprietary funds: enterprise funds and internal service funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City of Knoxville uses enterprise funds to account for its Convention Center, its Public Assembly Facilities consisting of the Civic Auditorium/Coliseum and Chilhowee Park, and the operation of two public parking garages, operating under the Metro Parking Fund. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City of Knoxville's various functions. The City uses internal service funds to account for its Print Shop operations, fleet operations, insurance functions, both risk and employee health care, replacement of non-rolling stock equipment, and maintenance operations relating to the various city buildings. Because these services predominantly benefit governmental rather than busi-

ness-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds statements are provided on a full accrual basis. Proprietary funds are noted as follows:

Business-Type Activities

1. Knoxville Convention Center
2. Other Business-Type Activities/
Nonmajor Enterprise Funds
 - a. Metro Parking Fund
 - b. Public Assembly Facilities Fund

Governmental Activities/ Internal Service Funds

1. Office Services Fund
2. Fleet Maintenance Fund
3. Risk Management Fund
4. Employee Health Insurance Fund
5. Equipment Replacement Fund
6. City Buildings Fund

Like the government-wide statement, the Proprietary Fund Statement of Assets reports all assets and liabilities, including capital assets and long-term liabilities. Proprietary funds are required to list their net assets according to their availability for use in operations.

The Statement of Revenues, Expenditures, and Changes in Net Assets isolates operating revenues and operating expenses from other changes in net assets to allow for the measurement of how sufficiently a given activity is self-supporting. Non-operating items are also included immediately following operating income/loss.

The Statement of Cash Flows is provided to allow for the assessment of the adequacy of a proprietary fund's cash flows.

Fiduciary Component Unit Statements

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City of Knoxville's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The City Employees' Pension Fund is the City of Knoxville's sole fiduciary component unit.

Unlike proprietary funds, fiduciary funds are not required to list their net assets based on their availability for use in operations.

The Statement of Changes in Fiduciary Net Assets notes all changes in net assets without distinguishing earnings related changes from other types of changes. These changes to net assets are simply noted as additions and deletions.

Notes to the Financial Statements

Completing the document are notes to the financial statements which provide additional information to provide a more informed understanding of the information provided in the government-wide and fund financial statements.

Other Information

Following the notes, this document provides required supplementary information regarding Knoxville's progress in funding its obligation to provide pension benefits to its employees. The combining statements for nonmajor governmental funds, nonmajor enterprise funds and internal service funds, schedules for the Debt Service and Capital Projects Funds, schedules regarding Capital Assets, and other supplementary information are also provided for further clarification.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The analysis below focuses on the total primary government, which includes both governmental and business-type activities.

Statement of Net Assets at June 30, 2005

A condensed version of the Statement of Net Assets at June 30, 2005 follows:

Condensed Financial Information Statement of Net Assets Primary Government For Fiscal Year Ending June 30 (In \$1,000's)						
	Governmental Activities		Business-Type Activities		Total Primary Government	
	2005	2004	2005	2004	2005	2004
Current and other assets:						
Cash and investments	\$120,481	\$106,845	\$6,309	\$4,854	\$126,790	\$111,699

Capital assets	240,738	242,575	173,602	178,807	414,340	421,382
Total assets	<u>\$395,190</u>	<u>\$478,845</u>	<u>\$184,626</u>	<u>\$186,272</u>	<u>\$579,816</u>	<u>\$665,117</u>
Other liabilities	\$33,182	\$120,467	\$5,499	\$1,239	\$38,681	\$121,706
Noncurrent liabilities	91,920	106,626	151,576	157,737	243,496	264,363
Total liabilities	<u>\$125,102</u>	<u>\$227,093</u>	<u>\$157,075</u>	<u>\$158,976</u>	<u>\$282,177</u>	<u>\$386,069</u>
Net assets:						
Invested in capital assets, net of debt	\$137,765	\$157,139	\$18,712	\$21,070	\$156,477	\$178,209
Restricted	31,119	26,801	0	0	31,119	26,801
Unrestricted	101,204	67,800	8,838	6,226	110,042	74,026
Total net assets	<u>\$270,088</u>	<u>\$251,740</u>	<u>\$27,550</u>	<u>\$27,296</u>	<u>\$297,638</u>	<u>\$279,036</u>

Governmental Activities

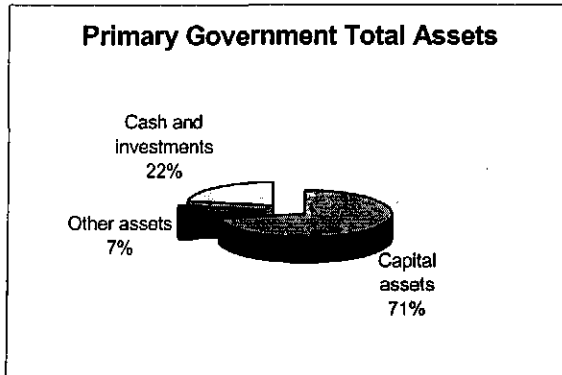

Under Governmental Activities, assets have decreased by seventeen percent while liabilities have decreased by forty-five percent when compared to 2004 levels. This results in an increase of seven percent in total net assets.

Business-Type Activities

Under Business-Type Activities, assets have decreased by 0.8 percent and liabilities have decreased 1.2 percent over 2004 levels, resulting in an increase of 0.9 percent in total net assets. The Knoxville Convention Center represents the largest portion of both the capital assets and noncurrent liabilities in this category. Total outstanding indebtedness on the convention complex equals \$153.6 million with a final maturity of June 30, 2032.

Total Primary Government

The City's capital assets, including land and buildings, equipment, furniture and fixtures, infrastructure and construction in progress account for 71% of \$580 million in total assets. Taxes and governmental receivables constitute 7%. Current liquidity, as shown by cash and investments, composes the remaining 22% in total assets.

Eighty-six percent of the total government liabilities are in long-term debt outstanding. Of this long-term debt, approximately \$154 million, or 62% is related to debt issued to finance the new convention complex.

A portion of the City's total net assets is restricted for specific purposes. These restrictions represent legal or contractual limitations on how the assets may be expended. Within the governmental activities category are system development charges, bond proceeds, taxes and other collections limited to repayment of debt. Within the business-type activities are bond proceeds and debt service reserves. The unrestricted net assets of the City's governmental activities represent 37% of total net assets.

STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2005

A summary version of the Statement of Activities follows.

Condensed Financial Information
Primary Government
Changes in Net Assets
For Fiscal Year Ending June 30
(In \$1,000's)

Beginning net assets	251,740	232,879	27,296	26,290	279,036	259,169
Ending net assets	\$270,088	\$251,740	\$27,550	\$27,296	\$297,638	\$279,036

Governmental Activities

As shown on the Government-Wide Statement of Activities for the year ending June 30, 2005, other than the activity noted as Other, primarily representing various grant projects, only the City Court was self-supporting. The City Court generated revenue in excess of its current expenditures. Any excess revenue above and beyond actual expenditures in the City Court is transferred to the General Fund to finance general operations. Federal grant revenue proceeds of \$2.0 million were earmarked for the City's Community Development division. Public safety operations and capital project outlays accounted for approximately 33% and 12% respectively of the City's total governmental operations of \$173.3 million. All other City of Knoxville sections and operations are financed by either local and state taxes, grants, or various shared revenues.

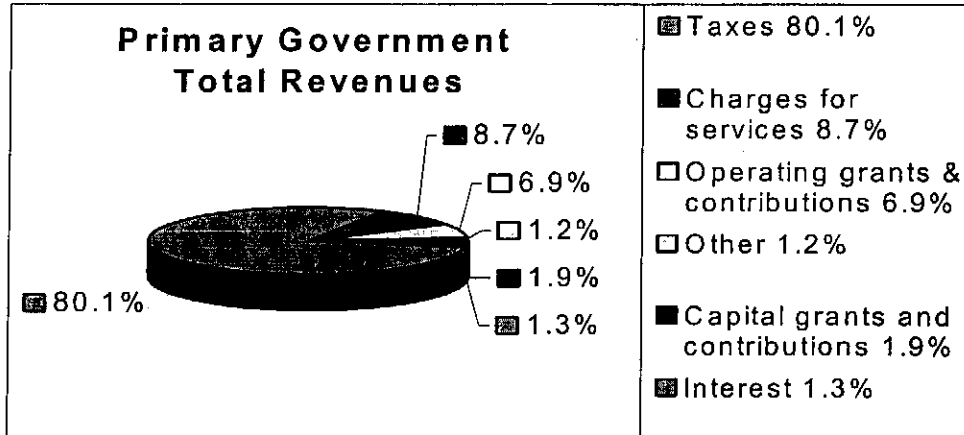

Business-type Activities

The City's business-type activities include public parking and public assembly facilities. The City also operates the current Knoxville Convention Center and the Knoxville Municipal Auditorium complexes. Home of the University of Tennessee's main campus, Knoxville attracts thousands of visitors yearly for various sporting events. Neyland Stadium, the nation's second largest on campus football stadium,

attracts over one hundred thousand loyal fans per home game. Proximity to outdoor recreational facilities such as the lake region and The Great Smoky Mountains National Park makes the Knoxville area an ideal tourist destination. With this in mind, local governmental leaders deemed it necessary to build a new convention center to take advantage of Knoxville's unique geographic location. Although current expenses exceed revenues for these activities, the local economy benefits greatly by the impact of lodging, restaurant, and various recreational consumer spending.

Total Government

Primary Government Revenues exceeded \$216 million. The largest portion of these revenues (80.1%) is from taxes.

Total primary government expenses totaled slightly less than \$198 million, 33.1% of which was directed toward public safety.

Component Units

The Government Accounting Standards Board (GASB 14) requires that certain organizations affiliated with the primary government be reported as component units. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. The nature and significance of component units are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The component units for the City of Knox-

ville include the Knoxville Utilities Board, the Metropolitan Knoxville Airport Authority, and the Knoxville Area Transit Fund. A summary of the City's component unit operations follows:

Condensed Financial Information
Component Units
For Fiscal Year Ending June 30
(In \$1,000's)

	Knoxville Utilities Board		Metropolitan Knoxville Airport Authority		Knoxville Area Transit		Total	
	2005	2004	2005	2004	2005	2004	2005	2004
	Program Revenues	\$534,130	\$526,856	\$25,762	\$22,355	\$14,846	\$19,584	\$574,738

Change in Net Assets	18,687	23,106	(1,883)	(5,083)	(1,594)	2,369	15,210	20,382
Net Assets at Year End	\$628,480	\$609,793	\$92,414	\$94,297	\$15,618	\$17,212	\$736,512	\$721,302

Financial Analysis of the Government's Funds

Balance Sheet at June 30, 2005

The Government fund balance as of June 30, 2005 is \$104.6 million. Of this total governmental fund balance, the general fund balance is approximately \$25.0 million, of which \$23.7 is unreserved. This general fund balance of \$25.046 million is twenty-four percent more than last year's ending balance of \$20.192 million.

Statement of Revenue, Expenditures & Changes in Fund Balances for the Year Ended June 30, 2005

The following schedule presents a summary of total governmental funds, which includes general fund, debt service fund, capital projects fund and other governmental funds for this fiscal year ended June 30, 2005, and the amount and percentage of increases and decreases in relation to prior year revenues.

Condensed Financial Information
Total Governmental Funds - Revenues
For Fiscal Year Ending June 30
(In \$1,000's)

Revenues	June 30, 2005	June 30, 2004	Percent of Total 2005	Increase (Decrease) from 2004	Percent of Increase (Decrease)
Taxes, assessments, interest & penalties	\$153,817	\$135,130	75.56%	\$18,687	13.83%
Licenses, permits and inspection charges	2,313	2,110	1.14%	203	9.62%
Intergovernmental revenue	31,632	30,995	17.10%	637	2.06%
Charges for services	5,546	4,906	2.72%	640	13.05%
Fines and forfeitures	1,536	3,302	0.75%	(1,766)	(53.48%)
Other	8,714	5,276	4.28%	3,438	65.16%
Total	<u>\$203,558</u>	<u>\$181,719</u>	<u>100.00%</u>	<u>\$21,839</u>	<u>12.02%</u>

A comparison of revenues between FY 03/04 and FY 04/05 shows the total general government revenues increased by approximately \$21.839 million or 12%. The largest dollar change occurs in the "Taxes" category of revenue.

The increase in the tax category is due to an increased tax rate, slightly higher assessed values, and an increase in the overall collection rate. The latter has been a point of emphasis in recent years.

The City has increased the cost for building permits, which account for much of the growth in the category of licenses and permits. New construction and renovation, particularly in the downtown area, also contribute to the revenue growth in this area.

The increase within the intergovernmental category is primarily due to growth in the state shared sales tax and Hall income tax revenue, the latter being a tax on dividends, including capital gains distributions, and interest earnings. Unlike previous years, the State did not reduce any shared revenue in FY 04/05, which enabled the City to capture the real growth in these revenues. These gains were partially offset by reductions in grant revenue, this being the result of several large grants ending the past year.

Charges for service were up when compared to FY 03/04. The increase occurs primarily in two areas. The first is in the Stormwater Fund, in which revenues from charges increase due to the implementation of new Stormwater fees. The second area of increase is in City Court costs, classified here as charges. The latter is up due to an increase in the number of citations being written and processed. This also accounts for the increase seen in fines and forfeitures.

The "Other" revenue category shows a increase for various reasons. The growth in interest rates, coupled with an increase in available funds for investment, primarily in the capital funds, resulted in a major jump in interest revenues. This was partially offset by lower income from parking meters, reported in this category, due to ongoing construction in the downtown area resulting in the availability of fewer parking spaces. There was also some reclassification between fines and forfeitures and the other category, which partially accounts for some of the growth in this category, as well as the reduction in the fines and forfeiture grouping.

The following schedule presents a more detailed summary of the general fund, special revenue fund, capital projects fund and debt service fund expenditures for the fiscal year ended June 30, 2005, and the percentage of increases and decreases in relation to prior year amounts.

Condensed Financial Information
Total Governmental Funds - Expenditures
For Fiscal Years Ending 06/30/05 and 06/30/04
(In \$1,000's)

Expenditures	FY 04/05	FY 03/04	Percent of Total FY 04/05	Increase (Decrease) from 03/04	Percentage Change from 03/04

Interest on bonds and notes	4,532	2,973	2.50%	1,619	54.46%
Other services and charges	162	139	0.09%	23	16.55%
Total Expenditures	\$183,621	\$181,008	100.00%	2,613	1.44%

Overall general government expenditures for FY 04/05 increased by approximately \$2.61 million or 1.44% when compared to FY 03/04. This increase is primarily due to greater spending of \$4.49 million for capital and grant projects. Overall spending for on-going operations was up for the year, due primarily to increased costs of health care and risk management expenses. The latter shows in increases for worker's compensation costs, and liability and property insurance premiums. The City's health care premiums increased by 10%, beginning in January 2005, which followed a 15% increase in January 2004. These increases are partially offset by lower spending for principal retirement, this number being artificially high in FY 03/04, due to the payoff of a line of credit in that year. This line was part of a major debt refunding and new money issue. A portion of the new money was used to retire the out-standing line.

Proprietary Funds Statements

Statement of Net Assets at June 30, 2005

The Knoxville Convention Center, noted under Business-type Activities, and equipment replacement and fleet maintenance, noted under governmental activities, represent the largest portion of the assets associated with Proprietary Funds.

Statement of Revenues, Expenditures and Changes in Net Assets for the Year Ended June 30, 2005

A summary of the revenues, expenses, and interfund transfers indicates that there is an increase in total proprietary fund net assets, including internal service funds, of \$6.5 million after transfers.

Statement of Cash Flows for the Year Ended June 30, 2005

The three main business type activities of the City are the Convention Center, the Main and State Street parking garages, and the Public Assembly Facilities operations. As expected, overall operations experienced a net operating loss. Both parking garages operate at a profit, if interest on debt is excluded. Main Avenue garage has debt outstanding. The revenues from the combined properties are sufficient to cover total costs including debt service, with gains from the State Street Garage, more than offsetting the loss on the Main Street Garage.

Public Assembly Facilities also operated at a loss. This is due to the inclusion of Chilhowee Park. This park is not expected to generate a profit due to the public nature of the area. The Auditorium/Coliseum does generate positive cash flow from operations.

The following table shows revenues, expenses, net interfund transfers, net income and net assets at year end for the various proprietary funds.

Fiduciary Component Unit Statements

The Pension Trust Fund is reported as the sole fiduciary component unit. The City's defined benefit plan consists of contributions for general government, uniformed, utility and school board employees. The following table notes the contribution rates:

	Condensed Financial Information Pension Trust Fund Contribution Rates		
	FY 04/05 Contribution Rates	FY 05/06 Contribution Rates	Estimated FY 06/07 Contribution Rates
General Government Employees:			
Defined Contribution (G1)	3.91%	5.20%	7.55%
Defined Benefit (G2)	2.41%	3.70%	6.05%
Police and Fire Employees	9.49%	11.49%	13.79%
Board of Education Employees	0.00%	0.00%	0.00%

The City's Pension Fund remains fully funded at year-end. The fund, like similar funds, was hard hit by the decline in the stock market. It is expected that net outflows will exceed contributions, before investment income, in the near term. The loss in investments will result in increased contributions by the City in the future. These increases have been budgeted.

General Fund Budgetary Highlights

During the year there was a \$791,095 increase in appropriations between the original and final amended budget. The following chart provides a snapshot of the changes in the budget.

General Fund
Budget Appropriation Changes
For Fiscal Year Ending June 30, 2005

Department	Encumbrances	Reorganizations	Other	Total Changes
Administration	\$ 7,494.95	\$ -	\$ 138,000	\$ 145,494.95
Finance and Accountability	267,473	-	-	267,473
Operations and Engineering	34,381	(1,484,560)	-	(1,450,179)
Community and Neighborhood Services	33,441	1,484,560	-	1,518,001
Law	26,500	-	-	26,500
Police	350,641	-	-	350,641
Fire	105,612	-	-	105,612
Legislative	205,135	-	-	205,135
Civil Service	750	-	-	750
Community Agency Grants	-	-	86,000	86,000
Transfers	-	-	(138,000)	(138,000)
Total General Fund Expenditures	<u>\$ 1,031,428</u>	<u>\$ -</u>	<u>\$ 86,000</u>	<u>\$ 1,117,428</u>

The largest change was due to a re-appropriation of prior year's contractual encumbrances. The second change stemmed from a reorganization, which shifted responsibilities from the Operations and Engineering Department to the Community and Neighborhood Services Department. The Administration budget was increased by \$138,000 to fund costs related to a new Chief Operating Officer, accompanied by an offsetting reduction in transfers to the Health Care Fund. The budget was also amended to provide \$86,000 in funding for a major downtown music series, "Sundown in the City".

Capital Asset and Debt Administration

As of June 30, 2005 the primary government of the City had invested \$414.3 million in capital assets as reflected by the following table. The total amount represents an overall decrease primarily due to the sale of certain land owned by the City. The City has ongoing paving programs as well as other maintenance programs designed to preserve and increase the life of existing assets in the other categories, primarily equipment, which includes vehicles.. This accounts for the growth in the past year. There are several major projects that are just beginning which will increase future assets, primarily the construction of a new downtown parking garage.

Capital Assets at Year-End
(Net of Depreciation)
(In \$1,000's)

	Governmental Activities		Business-Type Activities		Total Primary Government	
	2005	2004	2005	2004	2005	2004
Land and site improvements	\$36,473	\$39,369	\$6,042	\$6,042	\$42,515	\$45,411
Buildings and improvements	38,952	38,952	206,456	206,457	245,408	245,409

As of the year-end, the City's Total Primary Government had \$247.8 million in general obligation debt outstanding. In addition to this amount the City is obligated to pay \$1.346 million to Knox County, representing the City's portion in the joint construction of a new City/County animal shelter. During FY 04/05, the City issued \$13.725 million in refunding bonds, which were used to defease outstanding debt of \$13.395 million and capture saving as a result of the refunding. The present value savings from this refunding were approximately \$0.9 million, with estimated annual savings of approximately \$50,000. The City also retired approximately \$10.8 million in debt in FY 04/05.

The City currently maintains a Fitch/ICBA rating of AA+, which was the same as last year's rating. Standard and Poor's rates the City's general obligation bonds AA while the City carries a Moody's rating of Aa2. For additional information on the long-term debt of the City, please refer to Note 9 of the Notes to Financial Statements, as well as in the Schedule of Long-Term Bonds and Notes Payable.

Economic Factors

Like most local governments, the largest source of revenue for the City of Knoxville is taxes. This category constitutes \$124.4 million or 87% of the total revenue to the General Fund. Within this category of revenue, the largest amount comes from property taxes. In turn, property taxes are divided among realty, personalty, and public utility. The growth rate for assessed value on real estate has been fairly moderate during the mid to late 1990's and early 2000's. We expect this moderate growth to continue into the new fiscal year, with the forecast for overall growth in real property being 1.76%. Within this grouping the highest anticipated growth is in commercial property. Residential property growth is expected to be slightly lower than the overall average, while the value of industrial property is expected to decline. For FY 05/06 the projected assessed value of real property is \$2.86 billion. Historically, the city has collected an average of 93.6 % of real property taxes. Personal property growth has been higher than real property in the recent past and we expect that to continue in the new year. We expect no real growth in the valuation of Public Utility property. Collections from this source are expected to decrease due to a reduction in the tax rate. This reduced tax rate is the result of state law, which requires that any growth in property from reappraisals, be offset by a reduction in the tax rate so as to generate no additional revenue from reappraisal. The expected result of this adjustment is lower collections from public utilities, and payments-in-lieu-of taxes from the Knoxville Utilities Board. These will be offset by expected higher collections from real property and personal property taxes.

Local option sales tax revenues comprise approximately \$31.8million or 22.2% of total General Fund revenues. Knoxville, like the rest of the nation, has witnessed a slower growth in sales based revenues during the past year, but the experience in the FY 04/05 was more favorable than expected.. We expect economic growth in this area in the upcoming year. The second largest revenue category to the General Fund is intergovernmental revenue, and accounts for \$16.3 million or 11.4% of total revenue. This category of revenue has declined as a percentage of the total in recent years, the result of certain grants ending, as well as state cuts in shared revenue. The State has, however, fared better than expected and will restore a portion of previous cuts during FY 05/06. We are hopeful that the balance of the previously enacted cuts will be restored in FY 06/07. These changes will be evidenced in higher state shared sales tax revenue and proceeds from the Hall income tax.

Other revenue sources include fines and forfeitures and miscellaneous revenue items. Revenues coming from the City Municipal Court system are expected to grow in the next fiscal year. The category of miscellaneous revenue includes interest earnings. The increase in interest rates, combined with higher balances available for investment, should result in continued increases in this revenue source.

Health care benefits are accounted for in a separate internal service fund. The City's Employee Health Insurance Fund is funded by both employer and employee contributions. The City has experienced double digit premium increases in recent years. The City expects to change it plans in FY 05/06 in order to generate savings and slow the growth of future rate hikes. Particular emphasis will be given to wellness programs and disease prevention.

Other areas experiencing particularly high expenditure growth include pension costs and utility increases. Pension contributions are expected to increase in the near term, but we are hopeful that the increases will disappear in the future. This is the result of better performance in the pension portfolio, as well as changes implemented, which establish a floor on City contributions. The latter is expected to lower the annual volatility of pension contributions. The City is also conducting energy audits and taking other steps to reduce the cost of utilities and fuel.

The City of Knoxville is also very dependent upon sales tax revenues. This tends to be somewhat less elastic than other taxes and will consequently be impacted less in an economic recovery. The continued increase in internet shopping also serves to lower growth in this revenue source. Changes in the communication industry, including the potential switch of direct phone service to the internet, also poses some issues in the future.

On the plus side, we expect that the performance of the new Convention Center will improve, which will lower the expected operating loss on the facility. The City received funds from the state in FY 03/04 to help offset future debt payments on the facility and we expect these to grow in the future. The downtown area is also experiencing a rebirth, and should continue to grow in the future. The relocation of two major employers to the downtown area should further provide an economic stimulus to the area.

As part of its efforts to deal with potential problems, the City does long-term budget forecasting. This allows us to recognize problems and respond to them before they get out of hand. The City is also actively engaged in performance measurement and productivity improvement efforts. We believe that these efforts will allow us to slow down or avoid future expenditure increases.

FINANCIAL CONTACT

The City's financial statements are designed to present users (citizens, taxpayers, customers, investors, and creditors) with a general overview of the City's finances and to demonstrate the City's accountability. If you have questions about the report or need additional financial information, please contact the City's Director of Finance and Accountability at 400 Main Avenue, Knoxville, Tennessee 37901.

CITY OF KNOXVILLE, TENNESSEE
Reconciliation of the Balance Sheet of Governmental Funds to the
Statement of Net Assets
June 30, 2005

Amounts reported for governmental activities in the statement of net assets are different because:

Ending fund balance - governmental funds	\$ 104,591,917
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the balance sheets of the governmental funds.	226,567,411
Revenue that have been deferred in the balance sheet of the governmental funds because they were not available to pay current liabilities of the period are recognized as revenue in the statement of activities and therefore are not included in the statement of net assets.	4,804,086
Internal service funds are used by management to charge the costs of office service, fleet management, risk management, health insurance and equipment replacement to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets.	37,775,505
Accrued interest payable, are not due and payable in the current period and therefore are not reported as liabilities in the balance sheets of the governmental funds.	(678,879)
Long-term liabilities, including bonds payable, compensated absences, are not due and payable in the current period and therefore are not reported as liabilities in the balance sheets of the governmental funds.	<u>(102,972,115)</u>
Net assets of governmental activities	<u>\$ 270,087,925</u>

CITY OF KNOXVILLE, TENNESSEE

**Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances of Governmental Funds to the
Statement of Activities
For the Year Ended June 30, 2005**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ 5,115,445
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceed the depreciation expenses.	(1,545,189)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(1,384,914)
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.	9,633,776
Accrued interest associated with long-term liabilities that are not due and payable in the current period and therefore are not reported in the funds.	279,611
Net assets related to business-type funds	(371,502)
The internal service fund is used by management to charge the costs of office services.	17,215
The internal service fund is used by management to charge the costs of fleet maintenance.	1,254,579
The internal service fund is used by management to charge the costs of risk management.	1,995,210
The internal service fund is used by management to charge the costs of employee health insurance.	2,422,735
The internal service fund is used by management to charge the costs of equipment replacement.	719,778
The internal service fund is used by management to charge the costs of City buildings.	<u>211,186</u>
Change in net assets of governmental activities	<u>\$ 18,347,930</u>

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements
June 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The City of Knoxville, Tennessee is a municipal corporation governed by elected executive and legislative bodies, which consist of a Mayor and nine-member City Council. As required by accounting principles generally accepted in the United States of America, these financial statements present the City of Knoxville, Tennessee (the primary government) and its component units, entities for which the government is considered to be financially accountable. A component unit is a legally separate entity that satisfies at least one of the following criteria: (1) elected officials of a primary government are financially accountable for the entity, (2) the nature and significance of the relationship between the entity and a primary government are such that to exclude the entity from the financial reporting entity would render the financial statements misleading or incomplete. Component units are generally presented discretely unless one of the following two circumstances are present, in which case they would be blended: (1) similar governing bodies and (2) scope of services provided are either directly or indirectly, exclusively or almost exclusively for the primary government.

All component units are discretely presented and are reported in separate columns in the combined financial statements to emphasize that they are legally separate from the City. The governing bodies of each of these component units are appointed by the City Council, except for the Pension Board. Pension Board directors are elected by eligible City employees. All component units have a June 30 year-end.

1. Knoxville Utilities Board (KUB) provides electric, gas and water and wastewater services to residents of the City and surrounding areas. KUB may not issue debt without the City's approval, although the City does not have any obligation for KUB debt.
2. Metropolitan Knoxville Airport Authority (MKAA) operates two airport facilities that serve Knoxville and the surrounding area. MKAA must obtain City approval to issue debt.
3. City of Knoxville Pension System (Pension) operates a defined benefit plan for employees of the City, KAT and MKAA. The Pension receives significant contributions from the City. Changes to the pension plan recommended by the Pension Board must be approved by the City.
4. Knoxville Area Transit (KAT) operates the public transportation system in Knoxville. The City approves the KAT budget. The City also provides significant operating subsidies to KAT.

Complete financial statements for each of the component units, except KAT for which separate financial statements are not issued, may be obtained from their respective administrative offices as follows:

Knoxville Utilities Board
626 South Gay Street
Knoxville, Tennessee 37929

Metropolitan Knoxville Airport Authority
P. O. Box 15600
Knoxville, Tennessee 37901

City of Knoxville Pension Board
917B E Fifth Avenue
Knoxville, Tennessee 37917

Joint Ventures

The City is a participant in the following joint ventures with Knox County which are not considered part of the reporting entity as the City does not exercise financial accountability for their operations:

Public Building Authority of the County of Knox and the City of Knoxville, Tennessee
Metropolitan Planning Commission

Complete financial statements of the joint ventures can be obtained from the City Finance Department, P. O. Box 1631, Knoxville, Tennessee 37901.

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Related and Jointly Governed Organizations

The following related agencies provide services within the City:

Knoxville's Community Development Corporation - the Mayor appoints members to the governing board; however, the City exercises no budgetary control and provides no direct financial assistance.

Knoxville Zoological Park, Chilhowee Park, and IJAMS Nature - the City has management agreements with each of these entities (Note 15) but has no involvement in directing the respective entities' budgets, rates, debt obligations and board membership.

Government-wide and Fund Financial Statements

The government-wide financial statements, which consist of the statement of net assets and the statement of activities, report information on all nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from the government-wide statements. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which are funded to a significant extent on user fees and charges. Each legally separate component unit, for which the primary government is financially accountable, is reported separately in the government-wide financial statements.

Direct expenses are those that are clearly identifiable with a specific function or segment. The statement of activities demonstrates the extent to which the direct expenses of each function or segment are offset by program revenues. Program revenues include charges to customers or applicants who purchase, use or directly benefit from the goods, services or privileges provided or given by the function or segment. Program revenues also include grants and contributions that are restricted for meeting the operational or capital requirements of a particular function or segment. Taxes and other non-program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Although they are excluded from the government-wide financial statements, separate financial statements are also provided for fiduciary funds. Each major governmental and enterprise fund is reported in a separate column in the financial statements.

Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements and the proprietary fund and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are reported when earned and expenses are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied. Grants and other restricted revenues are recognized as revenue when all eligibility requirements imposed by the provider have been met.

The financial statements of the discretely presented component units (Knoxville Utilities Board, Metropolitan Knoxville Airport Authority, and Knoxville Area Transit) that are included in the government-wide financial statements are accounted for on the same basis as the City's proprietary funds. Further, the accounts of Knoxville Utilities Board are maintained in conformity with the uniform system of accounts prescribed by the Federal Energy Regulatory Commission.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Similar to the accrual basis of accounting, expenditures generally are recorded when a liability is incurred. However, debt service expenditures, as expenditures relating to long-term liabilities such as compensated absences and claims and judgments are recorded when payment is due.

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Property taxes, shared revenues, licenses, interest and charges for services associated with the current fiscal year are considered to be susceptible to accrual and have been recognized as revenues of the current year. Other revenue items are considered to be measurable and available when the government receives cash.

The City reports the following major governmental funds:

General Fund – The general fund accounts for all financial resources except those required to be accounted for in another fund. It is the City's primary operating fund.

Debt Service Fund – The debt service fund accounts for the accumulation of resources for, and the payment of, interest and principal on general long-term debt.

Capital Projects Fund – The capital projects fund accounts for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

The City reports the following major proprietary fund:

Knoxville Convention Center – This fund accounts for the operations of the Knoxville Convention Center.

Additionally, the City reports the following fund type:

Internal Service Funds – Internal service funds account for replacement of capital assets, office services, fleet management, risk management, and employee health insurance services provided to other departments or agencies of the City, on a cost reimbursement basis.

As allowed by the Governmental Accounting Standards Board Statement of Governmental Accounting Standard No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that Use Proprietary Fund Accounting", the City's policy is to apply only those Financial Accounting Standards Board Statements, related Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins issued on or prior to November 30, 1989 in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict or contradict guidance of the Governmental Accounting Standards Board.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the Knoxville Utilities Board, the Knoxville Area Transit and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources and all taxes are reported as general revenues.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. The Knoxville Utilities Board also recognizes as operating revenues the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses of the enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, the City's policy is to use restricted resources first and unrestricted sources as they are needed.

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assets, liabilities, and net assets or equity

Deposits and investments

The City pools idle cash from all funds (except the Pension Trust Fund, the Knoxville Utilities Board, and the Metropolitan Knoxville Airport Authority component units) for the purpose of increasing income through investment activities. Deficits in pooled cash are classified as due to other funds or due from other funds on the financial statements of the borrowing and advancing fund, respectively.

Except for certain money market investments that have a remaining maturity at the time of purchase of one year or less which are carried at amortized cost, investments are carried at fair value. Interest income on investments is allocated to all funds on the basis of average daily cash and investment balances.

Cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Receivables

The City bills and collects its own property taxes. Property taxes are levied (based on the assessed valuation as of January 1) and become payable on October 1. Property taxes attach as a lien on the property as of January 1. Such taxes become delinquent on February 28. A lawsuit is filed against property owners for taxes that remain uncollected on March 1 of the year following the date such taxes become delinquent. Property tax revenues are recognized when levied to the extent that they result in current receivables; that is, are received within 60 days of the end of the fiscal year. An allowance for uncollectibles or deferred revenue is provided for remaining property tax receivables.

All trade receivables, including those of discretely presented component units are presented net of an allowance for uncollectibles. Because loans receivable are subject to grant restrictions, an amount equal to the loan has been provided as deferred revenue.

Inventories and prepaid items

Inventories in proprietary fund types are stated at the lower of average cost or replacement value. Inventories in the governmental fund types are stated at cost. Proprietary fund inventories consist of expendable supplies held for consumption. Inventories of governmental funds are reported under the consumption method of accounting.

Prepaid items in both the government-wide and fund financial statements represent payments to vendors that reflect costs applicable to future periods.

Restricted assets

Certain unexpended debt proceeds, as well as resources set aside for debt repayment, are classified on the balance sheet as restricted. These funds are maintained in separate bank accounts and their use is limited by applicable debt covenants.

Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets (i.e., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City defines capital assets as those assets with an initial, individual cost of more than five thousand dollars and an estimated useful life in excess of two years. Capital assets are recorded at cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at fair value at the date of donation.

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

Major outlays for capital assets and improvements are capitalized in proprietary funds as projects are constructed. Interest incurred during construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Total interest expense incurred by the Knoxville Convention Center was \$5,736,814. Because there was no construction during 2005, no interest was capitalized. Total interest expense incurred by the Metropolitan Knoxville Airport Authority was \$4,401,284 of which \$113,495 was capitalized as part of construction.

Depreciation on property, plant and equipment in the enterprise funds and component units is provided using the straight-line method of accounting over the following useful lives:

Buildings	25 to 40 years
Improvements	5 to 20 years
Infrastructure	25 years
Equipment	3 to 10 years
Sewer lines	50 years

The original cost of KUB utility plant retired or otherwise disposed of and the cost of removal less salvage are charged to accumulated depreciation.

Compensated absences

City employees are granted vacation and sick leave in varying amounts. In the event of termination or retirement, an employee can be reimbursed twice the annual accrual of accumulated vacation, up to a maximum of 48 days. Employees are reimbursed up to 45 days of accumulated sick leave upon retirement or death only if the individual has accumulated 120 or more days. The cost of accumulated vacation and sick leave is accrued when incurred in the government-wide and proprietary fund financial statements. Vacation and sick leave that is payable as the result of employee resignation or retirement and is expected to be liquidated with expendable available resources is reported as an expenditure and a fund liability of the governmental fund that will pay it (i.e. the fund that pays the employee's salary or wages).

Long-term obligations

The City reports long-term debt and other long-term obligations in the applicable activities in the government-wide financial statements and the proprietary fund type fund financial statements. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs are reported as deferred charges.

Master plans

Master plans represent costs incurred in developing a long-term expansion plan for the Metropolitan Knoxville Airport Authority. Master plans are stated at cost and are included in other assets. Amortization is computed using the straight-line method over the plans' estimated useful lives of five years.

Passenger facility charges

The collection of passenger facility charges has been approved by the Federal Aviation Administration to be used for qualifying capital improvement projects of the Metropolitan Knoxville Airport Authority. Passenger facility charges, along with related interest earnings, are recorded as deferred until used or authorized for use under a Federal Aviation Administration-approved application to use. Once authorized to use, the passenger facilities charges are recognized as nonoperating revenue in the year collected by the air carriers. During 2005, all passenger facilities charges were authorized for use and at June 30, 2005 there was no deferred revenue related to passenger facilities charges.

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fund equity

In fund financial statements, governmental funds report reservations of fund balances for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that can be changed by management.

Environmental cleanup matters

The Knoxville Utilities Board accrues environmental cleanup costs when those costs are believed to be both probable and reasonably estimated. For certain matters KUB expects to share costs with other parties. KUB does not include anticipated recoveries from insurance carriers in the estimated liability.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Certain differences exist between the governmental fund financial statements and the government-wide financial statements. These differences relate to differences between the modified accrual basis of accounting used in the fund financial statements and the accrual basis of accounting used in the government-wide financial statements and to the consolidation of the internal service funds into the governmental activities in the government-wide financial statements.

Reconciliations between the governmental fund balance sheet and the government-wide statement of net assets and between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities are shown on pages 23 and 25, respectively.

NOTE 3 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

The City is required by its charter to adopt annual budgets for those operating funds that are under the direct control of City Council. This includes all governmental funds except the miscellaneous grants fund, animal control fund, miscellaneous special revenue funds, miscellaneous community development funds, city judges' retirement fund, Coster redevelopment fund, Krutch park fund, Knoxville civic revitalization fund and city choice fund. City Council adopts project-length budgets for the capital projects fund. In addition City Council adopts annual operating budgets for all enterprise and internal service funds. The City prepares its budget on a basis of accounting consistent with accounting principles generally accepted in the United States of America (GAAP).

The Mayor is required by the City Charter to propose a balanced budget to the City Council on or before May 1 for the fiscal year commencing the following July 1. The proposed budget includes anticipated expenditures by department and sources of financing the expenditures.

Public hearings are conducted to allow taxpayers an opportunity to comment on the proposed budgets before they become law.

The Mayor is authorized to transfer budgeted amounts within departments within any fund. All other transfers or supplemental appropriations must be enacted by City Council. Other management is not authorized to make such changes. Appropriations lapse at each fiscal year end. Encumbered appropriations are reappropriated in the ensuing year's budget.

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 3 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

The following supplemental and reductions in appropriations were enacted by City Council during the fiscal year 2005.

General fund	\$ 791,095
Special revenue funds	7,278,837
Capital projects funds	1,612,803

Encumbrance accounting is employed in governmental funds. Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts and other commitments for expenditure of resources are recorded to reserve that portion of the applicable appropriation, is utilized in the governmental funds. Encumbrances outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year.

A comparison of revenues and expenses - budget and actual for proprietary funds for which City Council has legally adopted budgets is as follows:

	<u>Revenues, Transfers In and Capital Contributions</u>			<u>Expenses and Transfers Out</u>		
	<u>Budget</u>	<u>Actual</u>	Variance Favorable <u>(Unfavorable)</u>	<u>Budget</u>	<u>Actual</u>	Variance Favorable <u>(Unfavorable)</u>

NOTE 4 - DEPOSITS AND INVESTMENTS

The City maintains a cash and investment pool that is available for use by all funds except the Pension Trust Fund and the Knoxville Utilities Board and Metropolitan Knoxville Airport Authority component unit enterprise funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "Cash". Deficits in pooled cash are reported as interfund liabilities. See Note 8 for a schedule of interfund receivables and payables. In addition, investments are separately held by several of the City's funds.

Deposits - Deposits are included in the City's financial statements as "Cash", "Cash and temporary investments", "Restricted cash and investments", "Cash float on pooled cash", and "Unused bond proceeds." Certain certificates of deposit are included in "Investments." Cash equivalents are defined as short-term, highly liquid investments.

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 4 - DEPOSITS AND INVESTMENTS (Continued)

Deposits are classified into three categories of credit risk based upon the following:

Category 1 includes deposits which are insured or collateralized by securities held by the City/component unit or its agent in the City's/component unit's name.

Category 2 includes deposits which are collateralized by securities held by the pledging institution's trust department or agent in the City's/component unit's name.

Category 3 includes deposits which are uncollateralized, which includes deposits collateralized by securities held by the pledging financial institution or by its trust department or agent but not in the City's/component unit's name.

Investments - Statutes authorize the City to invest in obligations of the United States Treasury, its agencies and instrumentalities; money market funds; and, the state treasurer's investment pool. The state treasurer's investment pool is a SEC 2a-7-like fund and the amount stated is based on the pool price per share. The pool is reported at its amortized book value. The City is exempted from sharing in any realized gains and losses of the fund.

The City is not authorized to enter into reverse repurchase agreements. The Pension Trust Fund investment policies allow its agents to invest in government securities, certificates of deposit, bankers' acceptances, repurchase agreements, bonds and notes (with "A" or better ratings) and common stocks and common stock equivalents. The Pension Trust Fund is required to maintain a minimum of 25% of its carrying value in fixed income accounts. State statutes and Pension Trust Fund investment policies allow the Pension Trust Fund to lend its securities to broker-dealers and other entities with a simultaneous agreement to return collateral for the same securities in the future. The Pension Trust Fund lends securities of the type on loan at year-end for collateral in the form of cash or other securities of 102%. Although the average term of the loans is one week, either the Pension Trust Fund or the borrower can terminate securities loans on demand. Cash collateral is invested in the lending agent's short-term investment pool. The relationship between maturities of the investment pool and the Pension Trust Fund's loans is affected by the maturities of the securities loans made by other entities that use the agent's pool, which the Pension Trust Fund cannot determine. The Pension Trust Fund cannot pledge, sell, or otherwise access collateral assets received unless the borrower defaults.

The City's investments are categorized below to give an indication of the level of risk assumed by the entity at year-end:

Category 1 includes investments that are insured or registered or for which the securities are held by the City or its agent in the City's name.

Category 2 includes uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the City's name. The City's investments in U.S. government agencies, commercial paper, and other governmental bonds are included in this category.

Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparty or by its trust department or agent but not in the City's name.

Investment policies

Investment Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates the City's investment policies limits investments to no more than two years. As of June 30, 2005, the average weighted maturity, in days, of the City's portfolio was 117 days.

Credit Risk: Statutes authorize the City to invest in obligations of the United States Treasury, its agencies and instrumentalities; money market funds; and, the state treasurer's investment pool. The state treasurer's investment pool is a SEC 2a-7-like fund and the amount stated is based on the pool price per share. The pool is reported at its amortized book value. The City is exempted from sharing in any realized gains and losses of the fund.

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 4 - DEPOSITS AND INVESTMENTS (Continued)

The City is not authorized to enter into reverse repurchase agreements. The City's Investment Policy allows only investment in the highest-grade securities. Investments in commercial paper requires that the issuer be rated A1/P1/F1 by at least two rating agencies. The City's investments meet this requirement.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the failure of the counterparty, the City will not be able to recover the value of investments or collateral securities that are in the possession of an outside party. The City's investments are typically uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the City's name. Certificates of deposit are secured by collateral held by the State's Collateral Pool. These would again include uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the State's name.

Concentration of Credit Risk: The City's Investment Policy imposes several limits on the amount and type of investments in order to avoid having a large percentage of the portfolio in a single issuer. First, the policy states that, with the exception of U.S. treasuries, agency securities, and the state investment pool, no more than thirty-five percent of the portfolio shall be invested in a single security type. The policy further limits, with respect to banker's acceptances and commercial paper, that no more than ten percent of the portfolio, or \$10 million whichever is less, shall be from a single issuer. As of June 30, 2005, the City held investments in GE commercial paper, Lockhart Funding commercial paper, and Zion's Bancorp commercial paper, each representing approximately four percent of the total portfolio. Also, the City held securities of the Federal Home Loan Bank of \$20.3 million or approximately 16.7% of the total portfolio.

The City's deposits and investments at June 30, 2005 are summarized as follows:

	Category			Total
	1	2	3	
Deposits:				
Bank balances	\$ 10,916,586	\$ -	\$ -	\$ 10,916,586
Carrying amounts	\$ 5,034,341	\$ -	\$ -	\$ 5,034,341

As of June 30, 2005, the City had the following investments and maturities.

Investments:	Fair Value	Less Than 6 Months	6 - 12 Months	1 - 2 Years
U.S. Government Agencies	\$ 40,240,742	\$ 11,830,101	\$ 14,196,743	\$ 14,213,898
Commercial Paper	27,000,000	27,000,000	-	-
Certificates of Deposit	1,000,000	-	500,000	500,000

The City of Knoxville Pension System also has a credit risk exposure for cash held in its securities lending short-term collateral investment pools (not included in the City of Knoxville Pension System financial statements) for \$81,133,181 held by broker dealers. The contract with the Pension System's custodian requires it to indemnify the Pension System if the borrowers fail to return the borrowed securities (and if the collateral is inadequate to replace the securities lent) or fail to pay the system for income distributions by the securities' issuers while the securities are on loan. Because collateral exceeds the fair value of securities lent, it has no credit risk exposure to the borrowers at June 30, 2005.

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)

NOTE 6 - LEASES RECEIVABLE

Public Assembly Facilities Fund

The Public Assembly Facilities Fund leases a portion of the exhibition center to an adjoining hotel. Components of the Public Assembly Facilities investment in the capitalized lease at June 30, 2005, are as follows:

Total minimum lease payments receivable	\$1,725,275
Less unearned income	<u>883,328</u>
Net investment in lease receivable	<u>\$ 841,947</u>

Lease payments under the agreement are \$100,000 a year.

Metropolitan Knoxville Airport Authority

The Metropolitan Airport Authority, as lessor, leases certain capital assets under operating leases expiring in various years through 2028. As of June 30, 2005, minimum future base rentals to be received on noncancelable leases are as follows:

Years ended June 30	
2006	\$ 7,915,711
2007	7,085,364
2008	7,051,925
2009	4,116,938
2010	1,570,103
Thereafter	<u>24,374,762</u>
	<u>\$ 52,114,803</u>

Under the terms of one of the Metropolitan Knoxville Airport Authority leases, payments in future years increase significantly. The Authority recognizes income from this lease on a straight-line basis, considering total payments over the lease term. Accordingly, advance rents of approximately \$1,069,000 are included in other assets in the accompanying statement of net assets as of June 30, 2005. Airport Authority contingent rentals, which consist primarily of rental car concessions and other similar revenues, amounted to \$1,325,737 for the year ended June 30, 2005.

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 7 – CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2005 was as follows:

	Cost				Accumulated Depreciation			
	Beginning Balance	Additions and Transfers In	Retirements and Transfers Out	Ending Balance	Beginning Balance	Depreciation	Retirements	Ending Balance
Primary Government								
Governmental activities:								
<i>Nondepreciable:</i>

NOTE 9 - LONG-TERM DEBT (continued)

Interest Swap Agreements

Primary government

During 2002, the City transferred the \$45,000,000 liability for the General Obligation Bonds Series IIIF bonds, along with the related cost of the convention center construction, from the governmental activity of the capital projects fund to the Knoxville Convention Center fund. As a hedge against rising interest rates, the City entered into an interest swap agreement with Wachovia Bank. The City pays Wachovia (through a trust with Morgan Keegan) interest at a fixed rate of 3.955%. Wachovia pays the trust interest at a variable rate based on LIBOR. The trust pays the bondholders interest at a variable rate based on BMA. The City has a risk that if the LIBOR rate is less than the BMA rate, it will have to pay additional amounts to the trust to cover bondholder interest. During 2005, the City paid \$77,430 in additional interest due to an unfavorable difference in the LIBOR and BMA rates.

Component units

The Metropolitan Knoxville Airport Authority Series II-D-I and III-A Bonds bear interest at variable rates. A portion of the Series II-D-I and III-A Bonds totaling \$16,870,000 and \$52,065,000, respectively, is subject to interest rate swap agreements. Based on the swap agreements, the Authority owes interest at an effective fixed rate of 5.79% and 4.74% on the Series II-D-I and III-A Bonds, respectively. In return, the counterparty owes the Authority interest based on a variable rate that is calculated based on a published index rate. The \$16,870,000 and \$52,065,000 in bond principal are not exchanged; only the net difference in interest payments is actually exchanged with the counterparty and recorded by the Authority as interest expense. The Authority, through the trustee, continues to pay interest to the bondholders at the variable rate provided by the bonds. However, during the term of the swap agreement, the Authority effectively pays a fixed rate on the debt plus or minus the difference between the variable rate due the bondholders and the variable rate received from the counterparty. The Authority would be exposed to variable rates if the counterparty to the swap defaults, if the variable rate received from the counterparty is less than that due to bondholders or if the swap is terminated. A termination of the swap agreement could also result in the Authority's making or receiving a termination payment. The fair value of the swap agreements is a deferred loss of \$8,600,485 as of June 30, 2005. This amount which, was estimated by obtaining quotes from the bank, have not been recorded in the accompanying statements.

The debt service requirements for both primary government and Airport Authority bonds subject to interest swap arrangements are based on the fixed rate. Other than the net interest expenditures resulting from the swap agreement, no other amounts are recorded in the financial statements. The Authority incurred additional interest costs of \$1.8 million in 2005 related to the swap agreement.

Advance and Current Refundings

Primary government

During 2005, the City issued the 2005A General Obligation Refunding Bonds totaling \$13,725,000. These bonds were used to refund a portion of the City's Series 2000A Series General Obligation Bonds. U. S. Government State and Local Government Series securities were purchased and placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of \$13,395,000 of the City's Series 2000A General Obligation Bonds. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net assets. The reacquisition price exceeded the net carrying amount of the old debt by \$330,000. The advance refunding resulted in gross savings over the life of the bonds of \$935,593.

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 9 - LONG-TERM DEBT (continued)

Component units

Knoxville Utilities Board

The Knoxville Utilities Board's (KUB) Electric Division issued the Series S 1998 bonds in part to retire certain existing debt. Concurrent with the issuance of these bonds, KUB transferred funds to an irrevocable trust to pay the remaining maturities of principal and interest on the 1992 Series P revenue bonds, as well as a portion of the 1993 Series Q revenue bonds and 1995 Series R revenue bonds. During fiscal year 2001, KUB's Electric Division issued the Series T 2001 bonds in part to retire certain existing debt. Concurrent with the issuance of these bonds, KUB transferred funds to an irrevocable trust to pay the remaining maturities of principal and interest on the 1993 Series Q revenue bonds and the 1995 Series R revenue bonds, as such amounts mature. During 2004, KUB issued Series V 2004 bonds in part to retire certain existing debt. Concurrent with the issuance of these bonds, KUB transferred funds to an irrevocable trust to pay a portion of Series S 1998 revenue bonds, as such amounts mature. The outstanding principal balances on defeased bond issues were \$41.3 million at June 30, 2005.

The Knoxville Utilities Board's Gas Division issued the Series H 1998 bonds in part to retire certain existing debt. Concurrent with the issuance of these bonds, KUB transferred funds to an irrevocable trust to pay a portion of the 1993 Series E revenue bonds, as such amounts mature. During fiscal year 2001, KUB issued Series I 2001 bonds in part to retire certain existing debt. Concurrent with the issuance of these bonds, KUB transferred funds to an irrevocable trust to pay a portion of the 1993 Series F Revenue bonds and the 1997 Series G Revenue bonds, as such amounts mature. During 2004, KUB issued Series K 2004 bonds in part to retire certain existing debt. Concurrent with the issuance of these bonds, KUB transferred funds to an irrevocable trust to pay a portion of Series H 1998 revenue bonds, as such amounts mature. Remaining principal balances outstanding at June 30, 2005, on these defeased bond issues were \$47.6 million.

The Knoxville Utilities Board's Water Division issued the Series N 1998 bonds to retire certain existing debt. Concurrent with the issuance of these bonds, KUB transferred funds to an irrevocable trust to pay a portion of the 1992 Series L revenue bonds, as such amounts mature. During fiscal year 2001, KUB issued Series O 2001 bonds to retire existing debt. Concurrent with issuance of these bonds, KUB transferred funds to an irrevocable trust to pay a portion of the 1992 Series L Revenue bonds and 1993 Series M Revenue bonds, as such amount mature. During 2004, KUB issued Series Q 2004 bonds in part to retire certain existing debt. Concurrent with the issuance of these bonds, KUB transferred funds to an irrevocable trust to pay a portion of Series N 1998 revenue bonds, as such amounts mature. Remaining principal balances outstanding at June 30, 2005, on all defeased bond issues were \$18.8 million.

The Knoxville Utilities Board's Wastewater Division issued the Series S 2001 bonds in part to retire certain existing debt. Concurrent with the issuance of these bonds, KUB transferred funds to an irrevocable trust to pay the remaining principal and interest on the 1993 Series Q revenue bonds, as such amounts mature. During 2004, KUB issued Series 2004A bonds to fund wastewater capital improvements. Remaining principal balances outstanding at June 30, 2005, on these defeased bond issues were \$12.4 million.

Metropolitan Knoxville Airport Authority

Proceeds from the Metropolitan Knoxville Airport Authority Series III-A bonds issued in 2001 were used to refund the remaining principal balances of the Series E-1, E-2, G-2, III-B-I, III-G-2 and IV-A-I general obligation bonds. The authority recognized a loss of \$999,000 on the refunding which has been deferred and is being amortized over the remaining life of the refunded bonds. The remaining unamortized balance of the loss at June 30, 2005 was \$692,330.

Defeased Debt

Primary government

The City of Knoxville has two defeased General Obligation debt issues. As of June 30, 2005, the 1999B General Obligation Bonds have a defeased balance of \$1,230,000. The 2005A General Obligation Bonds were issued to refund \$13,395,000 of the 2000A bonds. The defeased balance of the 2000A General Obligation Bonds as of June 30, 2005 is \$13,395,000.

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 9 - LONG-TERM DEBT (continued)

Other Agreements

Primary government

In 2002 the City entered into an agreement with Knox County to pay a portion of the debt service on bonds that were issued, in part, to fund construction of a new animal shelter. Under the agreement, the City must ratably reimburse Knox County \$1,520,754 of the County's \$80,000,000 bond issuance plus interest at the same rate of the County's bonds. Interest on the bonds ranges from 4.0% to 5.5% and is payable semiannually. Principal is payable annually through May 2021.

Debt service requirements to maturity for the agreement are as follows:

	Principal		Interest
2006	\$ 61,305	\$	69,457
2007	63,301		66,391
2008	65,583		62,910

The City and Knox County have an interlocal agreement to support debt service of the General Obligation Public Improvement Bonds, Series 2002A. Under the agreement the County has agreed to pay the City 75% of the Hotel-Motel tax revenues received from the portion of the privilege tax imposed by the County that is in excess of 3% of the value being taxed up to a maximum amount of \$1,500,000 per year.

Component units

Metropolitan Knoxville Airport Authority

The Metropolitan Knoxville Airport Authority (MCAA) has adopted a Master Resolution allowing the Authority to issue Airport Revenue Obligations. Under this resolution, the Authority is required to maintain certain funds, accounts and sub-accounts to deposit funds to be held in trust by the Authority. These funds include:

Revenue Fund – This fund accounts for general revenue and passenger facility charges into which the Authority is to deposit all such revenues.

Sinking Fund – This Fund includes a payments account and a debt service account, into which the Authority will deposit funds from the Revenue Fund as needed to pay revenue obligations as they come due.

Revenue and Extension Fund – This fund holds funds held in the Revenue Fund (excluding passenger facility charges) in excess of 45 days' estimated expenses.

Project Fund – This fund holds the proceeds from issuance of revenue obligations to fund project costs.

NOTE 9 - LONG-TERM DEBT (continued)

Knoxville Utilities Board

During fiscal year 2000, the Knoxville Utilities Board (KUB) issued \$100 million in subordinated revenue notes that fully matured in 2005.

On July 21, 2005, KUB sold \$83.5 million in revenue refunding bonds across all divisions for the purpose of refinancing outstanding bonds issued in 1998 and 2001 at lower interest rates. The refunding resulted in a total net present value debt service savings of \$3.9 million.

KUB's Gas Division anticipates issuing a short-term revenue anticipation note (line of credit) not to exceed \$15.0 million during fiscal year 2006 for the purpose of managing seasonal cash flow during the winter heating season.

Changes in long-term liabilities

The following schedule is a summary of the changes in long-term debt (including current amounts) for the year ended June 30, 2005:

	<u>Balance June 30, 2004</u>	<u>Additions and Transfers</u>	<u>Reductions and Transfers</u>	<u>Balance June 30, 2005</u>	<u>Due Within One Year</u>
Primary Government:					
Governmental activities:

Conduit Debt

The Metropolitan Knoxville Airport Authority (MCAA) issued \$8.5 million of Metropolitan Knoxville Airport Authority Special Purpose Revenue Bonds on June 18, 2002. The bonds bear interest at 8% and are due in an aggregate principal amount of \$8.5 million on April 1, 2032. Interest is payable semiannually on each April 1 and October 1.

The bonds were issued pursuant to a lease agreement between the Authority and Northwest Airlines, Inc. (Northwest) dated July 12, 2001, and subsequently amended. The proceeds of the bonds were used for the construction by Northwest of an aircraft maintenance hangar and related facilities to be leased by Northwest from the Authority under the lease agreement. Under the terms of the lease agreement, Northwest is obligated to pay base rental to a trustee assigned by the Authority in the amount necessary to meet debt service requirements on the bonds as they are due.

MCAA has no liability for repayment of these bonds and, accordingly, the bonds are not reported in the Authority's financial statements. Revenues and receipts derived from the lease agreement and a guaranty by Northwest's parent company, Northwest Airlines Corporation, are the only security for the bondholders. The entire amount was outstanding at June 30, 2005.

The MCAA issued \$9.5 million of Metropolitan Knoxville Airport Authority Special Obligation Revenue Bonds on October 1, 1980. The 9.5 percent bonds are to be repaid in varying amounts through 2010. The principal balance outstanding at June 30, 2005 was \$2,040,079.

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 9 - LONG-TERM DEBT (continued)

Under the terms of a promissory note between the Metropolitan Knoxville Airport Authority and the Knoxville Airport Hotel Company (the "Developer"), note principal and interest payments consist of the amount necessary to make the principal and interest payments on the bonds. Under a forbearance agreement dated May 24, 1990, the Developer agreed to pay the bondholder the sum of the principal currently due on all of the bonds, plus thirty days accrued interest on the bonds held by the bondholder, plus accrued interest on the bonds held by the Developer. On each note payment date thereafter, the Developer will pay all payments due on the note, other than interest on and attributable to the bonds held by the Developer. Interest on and attributable to bonds held by the Developer, together with all previously deferred interest payments, has been irrevocably waived and forgiven.

The Authority has no liability for repayment of these bonds and, accordingly, the bonds are not reported in the Authority's financial statements. The note payments and property are the only security for the bondholders.

NOTE 10 - LEASES

Primary government

The City was committed to semiannual payments to the Public Building Authority for rental of the City-County Building. The lease expired during 2001 and the City is renting the space on a month-to month basis until a new lease is established. Total rental payments for the year ending June 30, 2005 were \$959,855.

Component units

The Knoxville Utilities Board leases computer hardware under a capital lease arrangement. The lease arrangements were entered into during 2003 and 2004 and expire during 2005 and 2006. Computer equipment totaling \$204,561, less related accumulated depreciation of \$177,684, are included in capital assets at June 30, 2005.

The Knoxville Utilities Board also has non-cancelable operating lease commitments for office equipment that expire in various years through June 30, 2010. Future minimum lease payments under leases having initial or remaining noncancelable terms in excess of one year as follows:

	Capital <u>Leases</u>	Operating <u>Leases</u>
2006	\$ 27,696	\$ 45,477
2007	-	39,627
2008	-	33,268
2009	-	4,320
2010	-	4,299
Total capital minimum lease payments	<u>27,696</u>	<u>\$ 126,991</u>
Less amount representing interest	<u>504</u>	
Obligations under capital leases	27,192	
Obligations due within one year	<u>27,192</u>	
Long-term obligations under capital leases	<u>\$ -</u>	

CITY OF KNOXVILLE, TENNESSEE

NOTE 11 - FUND BALANCES DESIGNATED FOR FUTURE USE

Certain fund balances are designated by the City to be used for future requirements relating to the stated purpose of each fund. At June 30, 2005, the following designations were made:

<u>Fund</u>	<u>Amount Designated</u>	<u>Stated Purpose</u>
Coster Redevelopment	\$ 183,566	Held for cleanup of various sites
Krutch Park Trust	752,075	Maintenance and groundskeeping of a downtown City park
Knoxville Civic Revitalization	2,122,927	Oversee the development of World's Fair Site
City Choice Plus	<u>151,331</u>	Payment of insurance premiums by employees
Total	\$ <u>3,209,899</u>	

NOTE 12 - RISK MANAGEMENT

Primary government

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Risk Management Fund, an internal service fund, was established to consolidate all of the City's insurance under a comprehensive risk management program.

Revenues come from either the City's General Fund or from inter-fund charges. Revenues are forecasted to match expenses, which include estimated incurred losses from claims, premiums for excess insurance coverage, various taxes and assessments, and administrative operating expenses.

The City insures itself against potential losses by purchases various types of insurance coverage including fiduciary liability, professional liability, crime coverage, long-term disability, boiler and machinery, and group life coverage. The City insures itself against potential losses as the result of auto liability, general liability, and workers compensation through participation in a risk management pool. The pool requires each participant in the pool to share the liability for claims if the pool becomes insolvent. At present, the City has no indication that it will incur a liability as a result of its participation in the pool. Settled claims have not exceeded the above coverage in any of the past three fiscal years.

Insurance Coverage

The City accounts for its self-insurance activities in the Employee Health Insurance Fund. The City has experienced no significant reduction in insurance coverage from the prior year. Settlements have not exceeded insurance coverage for each of the past three fiscal years.

Employee Health Insurance Fund

The City maintains as an internal service fund, the Employee Health Insurance Fund, to provide medical coverage for City employees and their families with the employees paying a portion of the costs.

Risk Management Fund

The City maintains, as an internal service fund, the Risk Management Fund, to account for legal claims and judgments incurred by the City. The City is currently the defendant in numerous lawsuits. Of these claims, the City has recorded a liability in the Risk Management Fund of \$5,592,171 for those lawsuits and claims that the City's attorney has advised will result in probable liabilities.

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 12 - RISK MANAGEMENT (continued)

Additionally, the City's attorney believes that there is a possible liability to the City of approximately \$2,832,000 related to the remaining lawsuits and claims not determined to be probable liabilities. Since the outcome is not probable, a liability has not been recorded for these lawsuits and claims.

Estimated payments on insurance claims pending and claims incurred but not reported at June 30, 2005, were accrued in the financial statements of the fund based on pending claims filed and past experience, calculated in accordance with Governmental Accounting Standards Board Statement No. 10.

Component units

Knoxville Utilities Board

In the normal course of business, there are various lawsuits pending against the Knoxville Utilities Board. Management has reviewed these lawsuits with counsel, is vigorously defending the Utilities Board's position, and is of the opinion that the ultimate disposition of these matters will not have a material adverse effect on the Utilities Board's financial position, results of operations or cash flows.

The Knoxville Utilities Board is exposed to various risks of loss related to active and retiree medical claims; injuries to workers; theft of, damage to, and destruction of assets; environmental damages; and natural disasters. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported.

In 2002, in response to changes in availability and the cost of insurance, the Knoxville Utilities Board decreased its property insurance coverage. KUB also increased its deductible to a level where KUB is essentially self-insured for property insurance coverage. KUB's property insurance coverage excludes protection for fire, vandalism, flood and earthquake damage. During 2005, KUB modified its excess worker's compensation coverage to include statutory limit coverage, as required under Tennessee state law.

At June 30, 2005, the amount of these liabilities was \$2,224,622. This liability is the Utilities Board's best estimate based on available information. An analysis of claims activity for the years ended June 30, 2005 and 2004 is as follows:

	<u>2005</u>	<u>2004</u>
Claims liability, beginning of year	\$ 1,782,156	\$ 1,618,402
Provision for incurred claims	12,355,820	13,049,141
Payments made on claims	<u>(11,913,354)</u>	<u>(12,885,387)</u>
Claims liability, end of year	<u>\$ 2,224,622</u>	<u>\$ 1,782,156</u>

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 12 - RISK MANAGEMENT (continued)

Metropolitan Knoxville Airport Authority

The Authority is subject to risks that include personal injury, property damage, employee bodily injury, employee theft, employee medical, public officials and employee conduct, and workers' compensation. The Authority has purchased insurance policies that transfer these risks, subject to policy limits. After the September 11, 2001 attacks, the Authority's insurance carrier limited war risk liability coverage to \$1-million. The Authority purchased additional war risk liability coverage up to a maximum of \$50 million subject to a \$10 million deductible. Settlements have not exceeded insurance coverage in any of the past three fiscal years.

NOTE 13 - SEGMENT INFORMATION

Segment information for business-type component units is as follows:

Knoxville Utilities Board

The Knoxville Utilities Board has four identifiable activities for which revenue bonds and other revenue-backed debt is outstanding. Summary financial information for each of the activities is presented below:

NOTE 14 - JOINT VENTURES

Public Building Authority

In 1975, the Authority was formed as a not-for-profit corporation incorporated pursuant to provisions of the Public Building Authority Act of the State of Tennessee and an operating agreement between the City and Knox County. The Authority constructed and presently maintains and operates the City/County Building, which houses the governments of the City and County. The City and County pay rent to the Authority sufficient to meet operating costs with the City responsible for 36.49% of the payments.

An eleven-member board comprised of six County appointees and five City appointees operates the Authority. As described in the operating agreement, the City and County acting jointly may terminate the lease when all debt service and other obligations of the Authority have been met. In the event of termination, the City and County shall direct the Authority to whom and in what manner title to the assets is to be transferred.

Metropolitan Planning Commission (MPC)

The MPC is a public agency formed under joint resolution by the City and Knox County to design and monitor the Metropolitan Planning Program. The MPC is governed by a fifteen-member board comprised of eight County appointees and seven City appointees. Although there is no specific funding agreement, the City and County have historically provided funding in approximately equal amounts.

Condensed Financial Information

The following is a summary of selected financial information of the City's joint ventures for the most recent period available:

	<u>Public Building Authority</u>	<u>Metropolitan Planning Commission</u>
Balance sheet date	June 30, 2005	June 30, 2005
Total assets	\$10,455,830	\$1,055,324
Long-term debt	4,506	114,255
Other liabilities	2,696,986	440,156
Net assets	7,754,338	500,913
Total revenues	12,964,935	3,003,034
Total expenses	11,835,228	3,086,703

Complete financial statements for each of these joint ventures may be obtained from their respective administrative offices as follows:

NOTE 15 - MANAGEMENT AGREEMENTS

The City has entered into the following management agreements:

Chilhowee Park - The City entered into an agreement on July 1, 1994, with the Tennessee Valley Agricultural and Industrial Fair, Inc. (TVA & I Fair) whereby TVA & I Fair will provide management, control, routine maintenance, security, and operation of the Park for the period from July 1, 1994, to September 30, 2000, for a fee of \$225,000 per year. The City assumed management responsibility for the Park after expiration of the agreement.

Knoxville Zoo - The City entered into a new agreement on July 1, 2001, with Knoxville Zoological Gardens, Inc. whereby Knoxville Zoological Gardens, Inc. shall lease the Zoo to provide for its operation and management. Under terms of the agreement the City shall grant to Knoxville Zoological Park \$855,000 by August 1 each year through 2006.

Whittle Springs Golf Course - The City entered into an agreement on August 29, 1986, with HMS of Tennessee whereby HMS of Tennessee shall maintain, operate, and provide for capital improvements to Whittle Springs Municipal Golf Course from September 1, 1986, to September 1, 1996. HMS remits one dollar per year to the City of Knoxville and was required to spend \$200,000 on course improvements during the first 24-month period. The contract was extended for an additional ten (10) year period beginning September 1, 1996, to September 1, 2006.

Knoxville Municipal Golf Course - The City entered into an agreement on March 25, 1983, with C. E. Roberts, Inc. to develop and operate the Knoxville Municipal Golf Course from December 23, 1982, to December 23, 2007. Under terms of the lease, Roberts shall remit one dollar per year to the City as well as place 20% of its annual net income in a sinking fund reserved specifically for capital improvements to the golf course.

Parking Garages - The City entered into agreements with Republic Parking Systems, Inc. whereby Republic Parking Systems, Inc. will manage and operate the State Street and Main Avenue Parking Garages. The term of the agreements is for one year beginning July 10, 2004. Under the agreement, Republic Parking Systems, Inc. received \$119,208 for the State Street Garage and \$100,488 for the Main Avenue Garage payable in twelve monthly installments. The City must also make incentive payments equal to 10.0% of the revenue of each garage that exceeds the revenue of the previous year.

IJAMS Nature Park - The City entered into an agreement on August 2, 1993, with the IJAMS Nature Park whereby IJAMS will provide management and operation of a nature park. The agreement has been extended through July 31, 2005. The agreement calls for a management fee of \$109,000.

Knoxville Convention Center - The City entered into an agreement on November 22, 2000, with SMG to manage the first five years of operations of the Convention Center. The agreement calls for a fixed fee of \$275,000 in 2004, \$300,000 in 2005 and \$325,000 in 2006 and 2007.

NOTE 16 - COMMITMENTS AND CONTINGENCIES

Primary Government

Federal financial assistance - The City participates in a number of federal financial assistance programs. These programs have been audited through June 30, 2005 in accordance with provisions of the Single Audit Act of 1984.

Urban Growth Plan - The City and Knox County entered into an agreement that defines City and County growth areas within the County. The agreement prohibits alteration to the Urban Growth Plan through December 31, 2004 and may be automatically extended for an additional three years through December 31, 2007. The agreement prohibits the City from annexing certain property for the four-year period unless certain conditions exist. The County agreed to invest \$5,000,000 from its current five-year capital plan for the City to make capital projects within its Empowerment Zone. The County will also designate an additional \$2,000,000 from its capital plan beginning in August, 2005. Should the City take actions resulting in the residential annexation during the period of the agreement, all funds provided to the City by Knox County must be returned to the County within 15 days.

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 16 - COMMITMENTS AND CONTINGENCIES (continued)

Knoxville Utilities Board

Purchased Gas Adjustments - Knoxville Utilities Board's gas division purchased gas adjustment mechanism allows the Division to flow changes in purchased gas costs through to its customers. These changes in gas costs are reflected as adjustments to the base gas rates established by Knoxville Utilities Board's Board of Commissioners. The purchased gas adjustment is intended to ensure that KUB recovers the total cost of natural gas purchased, transported and/or reserved for delivery to its sales and transportation customers on an equitable basis. The purchased gas adjustment is also intended to ensure that no excess or deficient cost recovery from the Division's customers occurs.

Under the purchased gas adjustment mechanism, the Division tracks the actual over/under recovered amount in the unrecovered purchased gas costs accounts. These accounts are rolled into the purchased gas rate adjustment on June 30 of each year thereby assuring that any over/under recovered amounts are passed on to the Division's customers. The amount of underrecovered costs was \$105,650 at June 30, 2005.

Purchased Power Adjustment - In October 2002, the Electric Division of the Knoxville Utilities Board (KUB) implemented a purchased power adjustment (PPA) mechanism that allows the Division to promptly adjust its retail electric rates in response to Tennessee Valley Authority (TVA) wholesale rate changes/adjustments, thus ensuring that KUB will recover its cost of electric power purchases for resale to its customers. In response to changes in the electric power industry, KUB and TVA executed an amendment to their wholesale power supply contract under which, among other things, TVA relinquishes its regulatory authority over KUB retail electric rates. Since TVA no longer has contractual authority to adjust KUB's retail electric rates, KUB needed an alternative means of promptly adjusting its electric rates in response to TVA wholesale rate changes/adjustments.

In October 2003, TVA increased its wholesale power rates for its electric power distributors, including KUB. The KUB Board of Commissioners flowed this wholesale cost increase directly through to its retail electric customers, resulting in an increase of approximately 5.7% for residential customers and 5.7 to 7.0 percent for commercial customers. With the exception of wholesale reactive demand charges (which was deferred by TVA until April 2004), the KUB Board of Commissioners passed through this wholesale rate increase by adjusting its electric retail rate schedules rather than using the purchased power adjustment mechanism. The increase in wholesale reactive demand charges was flowed through to KUB's retail customers by means of the purchased power adjustment in April 2004.

In March 2004, the KUB Board of Commissioners modified the purchase power agreement mechanism to ensure that the effective date of any purchased power adjustment appropriately corresponds to any applicable TVA wholesale rate change, and to update the purchased power adjustment mechanism to reflect new retail electric rate schedules adopted by the KUB Board of Commissioners in October 2003. The PPA was not used to adjust KUB's retail electric rates at any time during the fiscal year ended June 30, 2005.

Natural Gas Supply Contract Commitments - For the year ended June 30, 2005, the Gas Division of the Knoxville Utilities Board hedged 68% of its total gas purchases via gas supply contracts. As of June 30, 2005, the Gas Division had hedged the price on approximately 33% of its anticipated gas purchases for fiscal year 2005.

The Knoxville Utilities Board contracts separately for the purchase, transportation and storage of natural gas. Purchase commitments for the next five years are as follows:

	<u>2006</u>	<u>2007</u>	<u>2008</u>	<u>2009</u>	<u>2010</u>
Demand:					
Transportation	\$ 14,151,226	\$ 14,144,128	\$ 12,489,789	\$ 11,784,017	\$ 9,550,069
Storage	2,509,204	2,407,370	2,528,257	2,528,257	2,528,257

NOTE 16 - COMMITMENTS AND CONTINGENCIES (continued)

Other Commitments and Contingencies

In May 2003, the Knoxville Utilities Board (KUB) entered into an Agreed Order with the Tennessee Department of Environment (TDEC) and Conservation to address sanitary sewer overflows on the KUB wastewater system. The Order required the remediation of all sanitary sewer overflows that occurred during 2001 and 2002 to be completed by 2011, and remediation of all sanitary sewer overflows that occur during the interim to be completed by 2014. The Order provided for a variety of planning and reporting activities including the posting of sanitary sewer overflows on KUB's website, the submittal of a sewer overflow response plan, a sanitary sewer overflows evaluation report, a public information plan, a corrective action plan and engineering report, a capacity assurance program, and a management operations and maintenance program.

In September 2003, the Tennessee Clean Water Network filed suit in federal court against KUB alleging violations of the federal Clean Water Act in relation to sanitary sewer overflows and other operational/treatment issues on the KUB wastewater system. The City of Knoxville subsequently intervened as a party to the suit against KUB. Subsequent to the filing of this suit, the Environmental Protection Agency Region 4 and the Department of Justice reviewed the terms of the Agreed Order. Following the Environmental Protection Agency and the Department of Justice's review, all parties requested, and the Court granted, a stay of the federal suit pending negotiations between the Department of Justice, the Environmental Protection Agency, the Tennessee Clean Water Network, the City and KUB on all issues related to the suit.

In November 2004, the Department of Justice, the Environmental Protection Agency, the Tennessee Clean Water Network, the City and KUB reached a tentative agreement of all issues related to the federal suit. This settlement was embodied in a federal Consent Decree. The Consent Decree was entered into federal court (executed by a federal judge) on February 11, 2005. The Consent Decree, among other things:

- Incorporates the primary requirements of the TDEC Agreed Order and extends the deadline for final compliance from June 2014 to June 2016.
- Requires an evaluation of the wet-weather performance and capacity of KUB's wastewater treatment plants.
- Requires KUB to pay a civil penalty of \$167,000 to the United States Government.
- Requires KUB to fund an environmental project of the State of Tennessee in the amount of \$167,000.
- Requires KUB to fund a Supplemental Environmental Project in the amount of \$2 million over an eight-year period beginning February 2005.
- Subjects KUB to certain stipulated penalties if KUB fails to comply with the provisions of the Consent Decree.
- Provides a framework for the resolution of disputed issues in the federal suit.

In order to comply with the terms of the Consent Decree related to the collection system, KUB projects the Wastewater Division will spend \$530 million in capital investments over the next ten years.

In December 2004, a ten-year funding plan for the KUB Wastewater Division was recommended to the KUB Board of Commissioners. This plan includes \$400 million in long-term debt issues over the next ten years plus a series of rate increases phased in over the ten-year period. In particular, the funding plan provides for a 50 percent rate increase effective April 2005, a 50 percent rate increase effective January 2007, and a series of smaller rate increases every other year beginning in 2009 through 2014. The magnitude and timing of the rate increases subsequent to January 2007 would be subject to the actual cost of planned collection system projects plus any additional requirements resulting from the operational assessment of KUB's wastewater treatment plants, as required by the Consent Decree.

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 16 – COMMITMENTS AND CONTINGENCIES (continued)

In February 2005, the KUB Board of Commissioners adopted a resolution on second and final reading approving the two 50 percent rate increases. The first 50 percent rate increase became effective April 2005 and the second 50 percent increase will be effective January 2007. KUB also issued \$140 million in revenue improvement bonds in July 2005, the proceeds of which will help fund capital improvements to the collection system.

NOTE 17 - POST-RETIREMENT BENEFITS

Former City employees are allowed to maintain health care coverage comparable to what they had at retirement. Premium payments are the responsibility of the retiree until they become eligible for Medicare.

In addition to providing pension benefits, the Knoxville Utilities Board provides certain health care and life insurance benefits for retired employees, their spouses and dependent children. The costs associated with the post-retirement benefits were incurred by the Knoxville Utilities Board Pension Plan. As of January 1, 2002, the pension plan no longer funds the retiree medical health benefits. The cost of retired health care and life insurance benefits is recognized as expense as claims are paid. Substantially all of the Knoxville Utilities Board's employees hired on or before July 1, 1999, are eligible for these benefits, if they meet the Rule of 80 upon termination of employment, with a minimum of 20 years of service or if they had 25 years of service as of January 1, 1998. Approximately 1,427 retirees and dependents were eligible to receive such benefits at June 30, 2005. Knoxville Utilities Board's portion of total benefits and related administrative expenses for 2005 was approximately \$5,064,565.

NOTE 18 - BUSINESS AND CREDIT CONCENTRATIONS

The Metropolitan Knoxville Airport Authority is dependent to a large extent on one major airline in that a significant portion of aviation revenue is generated by that airline. The airline accounted for approximately \$363,000 in aviation area revenue during 2005. In addition, a significant portion of terminal area revenue is directly and indirectly generated from that airline's passengers, which accounted for approximately 16% of total passengers during 2005. As of June 30, 2005, 12% of trade accounts receivable is due from this major airline.

NOTE 19 - TRANSFERS

The general fund transfers fund, in accordance with its budget, to supplement revenues of the storm water, solid waste, Knoxville Convention Center, and public assembly facilities funds. Transfers are also made by the general fund to partially fund insurance and employee health insurance costs. The general fund and debt service fund transfer funds to the Knoxville Convention Center to partially fund debt service costs. Transfers from the general fund and state street aid fund are used to partially fund capital outlay costs in the capital projects fund.

Fines and court costs collected by city court are transferred to the general fund and certain special revenue funds based on approved schedules of costs.

The capital projects fund transferred funds to the debt service to fund retirement of the outstanding balance of the City's line of credit.

NOTE 20 - RETIREMENT AND DISABILITY PLANS

Plan Descriptions

City Employees' Pension Plan

The City also maintains a single-employer defined benefit pension plan (City Employees' Pension Plan), administered by the City of Knoxville Pension Board, which is comprised of three divisions of current membership and a membership of certain former City School employees. All participants are fully vested in the plan after 5 years of service. The plan includes employees of the City of Knoxville and certain employees of the Metropolitan Knoxville Airport Authority (MKAA).

Division A - All employees of the City who were hired on or after January 16, 1963, and prior to July 1, 1997 became members of Division A. Employees of the Metropolitan Knoxville Airport Authority (MKAA) are considered employees of the City of Knoxville for purposes of participating in the Pension System. Participants of Division A are covered by Social Security. Division A is now a closed plan. Participation in Division A requires employee contributions of 3% of the first four thousand eight hundred dollars of annual earnings and 5% of annual earnings in excess of four thousand eight hundred dollars. Division A provides for early retirement benefits with 25 years of service and normal retirement benefits at age 62 or later.

Division B - All employees of the City of Knoxville who were employed on January 16, 1963, and who participated in the City Employees' Pension Fund as created by the City of Knoxville Pension Act of 1935, were deemed to be members of Division B of the System unless they elected to transfer to Division A. (This excludes firefighters and police officers who were participants of the Firemen and Policemen Pension Fund created by the Firemen and Police Pension Act of 1929.) Participants of Division B are not covered by Social Security. Division B is now a closed plan and no participants can be added. Participation in Division B requires employee contributions of 4% of annual earnings. Division B provides for retirement benefits after 25 years of service and the attainment of age 50.

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 20 - RETIREMENT AND DISABILITY PLANS (continued)

Division C - All firefighters and police officers employed after January 2, 1971, and those transferring from the Firemen and Policemen Pension Act of 1929 (now Division F) or Division B by election are participants of the Division C Plan. Participants of Division C are covered by Social Security. Participation in Division C requires employee contributions of 6% of annual earnings subject to a maximum of 30 years. Division C provides for retirement benefits after 25 years of service and attainment of age 50. Retirement is compulsory after reaching age 60.

Division F - All firefighters and police officers employed prior to January 16, 1963 (former members of the Firemen and Policemen Pension Act of 1929 plan, a "pay-as-you-go" funded plan which terminated as of June 30, 2000). Participants of Division F are not covered by Social Security. Participation in Division F requires employee contributions of 5% of monthly earnings. Division F provides for retirement benefits after 25 years of service and attainment of age 50.

Division G - As a condition of employment, each employee hired on or after January 1, 1997 becomes a member of Division G after six months of service. In addition, members who elected to transfer from Division A prior to May 15, 1997, and former non-participants who elected participation prior to May 15, 1997 became members of Division G. Members of Division G are covered by Social Security. Participation in Division G requires employee contributions of 6% of annual earnings. Division G provides for normal retirement benefits at age 62 or later.

Board of Education Division - The City of Knoxville School System was abolished effective July 1, 1987 and absorbed into the operations of the Knox County School System. A court ruling has held and the Tennessee Court of Appeals has affirmed that the City is liable for the accrued pension liability, through June 30, 1987, for those former City School employees who remain in the City Employees' Pension Plan. Because of the abolition of the City School System, the Board of Education Division of the City Employees' Pension Plan has, in substance, been terminated. The City is responsible for any unfunded pension liability for the benefits that former City School employees would be entitled to if their earned benefits were frozen at July 1, 1987. No liability existed at June 30, 2005.

Benefit provisions are established in the City's Charter and can be amended by voter referendum. The City of Knoxville Pension Board issues a publicly available financial report that includes financial statements and required supplementary information for the City Employees' Pension Plan. That report may be obtained by writing to the City of Knoxville Pension Board, 917B East Fifth Avenue, Knoxville, Tennessee 37917. The Plan is also included in the reporting entity as a discretely presented component unit.

Knoxville Utilities Board Pension Plan

The Plan is a single-employer contributory, defined benefit pension plan established by Resolution No. 980 effective July 1, 1999, as authorized by section 1107(J) of the charter of the City of Knoxville. The plan is designed to provide retirement, disability and death benefits. Due to the structure of the plan, all participants are fully vested as a result of retiree medical health benefits being paid out of the Plan's funds. The Plan is a governmental plan as described by the Employee Retirement Income Security Act of 1974, and is not subject to any of the provisions of the Act. The Plan is funded by contributions from KUB, if funding is required, and from Plan A and Plan B employee participants. The Plan is currently overfunded.

At December 31, 2004, the Plan had 740 retirees and beneficiaries currently receiving benefits and 54 terminated employees entitled to benefits but not yet receiving them. Of the approximately 999 current employees in the plan, 875 were fully vested at December 31, 2004. The Plan issues a financial report, which includes financial statements and required supplementary information. The report may be obtained by writing the Knoxville Utilities Board Pension System, P.O. Box 59017, Knoxville, TN 37950-9017. The plan consists of three different benefit arrangements for KUB participants, retirees, and beneficiaries, as follows:

CITY OF KNOXVILLE, TENNESSEE
Notes to Financial Statements (Continued)
June 30, 2005

NOTE 20 - RETIREMENT AND DISABILITY PLANS (continued)

Career Equity Program (CEP) - CEP is available to eligible employees hired on or after January 1, 1999, and for eligible former City System Plan A members who elected CEP coverage as of July 1, 1999. All new eligible employees become participants on the date of employment with KUB. Participation in CEP does not require or permit employee contributions.

Plan A - Plan A benefits are for former City Employees' Pension Plan Division A active employees, vested terminated employees, retirees, and beneficiaries. All employees participating in the City Employees' Pension Plan Division A as of June 30, 1999 were eligible to participate in the KUB Plan A or the CEP program. Participants of Plan A are covered by Social Security. Plan A is a closed plan and is not available to KUB employees hired after July 1, 1999. Participation in Plan A requires employee contributions of 3% of the first \$4,800 of annual earnings and 5% of annual earnings in excess of \$4,800. Plan A provides for early retirement benefits with 25 years of service and normal retirement benefits at age 62 or later.

Plan B - Plan B benefits are for former City Employees' Pension Plan Division B active employees, vested terminated employees, retirees, and beneficiaries. All employees participating in the City Employees' Pension Plan Division B as of June 30, 1999, are eligible to participate in KUB's Plan B. Plan B is now a closed plan and no participants can be added. Participants of Plan B are not covered by Social Security. Participation in Plan B requires employee contributions of 4% of annual earnings. Plan B provides for retirement benefits after 25 years of service and the attainment of age 50.

Annual Pension Costs

City Employees' Pension Plan

For the year ended June 30, 2005, the annual pension cost for the City and participating component units was \$2,913,406 and was equal to the required and actual contributions. The required contribution was determined as part of the July 1, 2004 actuarial valuation using the aggregate method with supplemental liability for Plan F. Under this method, the unfunded actuarial liability is only identified and amortized for Plan F. Significant actuarial assumptions used in the valuation include (a) rate of return on investment of present and future assets of 8.0% per year compounded annually, (b) annual projected salary increases based on plan experience for employees at various categories of years of service (from 3.5% to 12% and on which no explicit assumption is made regarding the portion attributable to the effect of inflation on salaries), and (c) projected post retirement increases of 3.5% annually. The actuarial value of assets was determined using techniques that smooth the effect of short-term volatility in the market value of equities over a five-year period. The unfunded actuarial liability for Plan F is being amortized over 30 years on a closed basis beginning in July 1, 2001.

Trend information for the City's contributions to the City Employees' Pension Plan for the last three years is as follows:

Year Ended June, 30	General Government Divisions A, B and G		Board of Education		Firefighters and Police Divisions C and F		Total City Employees' Pension Plan	
	Annual Pension Cost (APC)	Percentage of APC Contributed	Annual Pension Cost (APC)	Percentage of APC Contributed	Annual Pension Cost (APC)	Percentage of APC Contributed	Annual Pension Cost (APC)	Percentage of APC Contributed

NOTE 20 - RETIREMENT AND DISABILITY PLANS (continued)

Knoxville Utilities Board Pension Plan

The Knoxville Utilities Board Pension Plan recommends employer contributions as a percentage of the monthly earnings of Plan members based on an actuarial valuation. The recommended contributions are determined using an individual entry actuarial funding method. The System is required to contribute at an actuarially determined rate. The current rate is 0% due to the Plan being fully funded.

The Plan's annual pension cost to the Plan for the current year was zero. The annual required contribution for the current year was determined as part of the January, 2004, actuarial valuation. Significant actuarial assumptions used in the valuation include (a) rate of return on investments of 8%, (b) 1983 Group Annuity Mortality Table, (c) annual projected salary increased based on participants' ages ranging from age 25 to 65 with salary increases from 3.21% to 6.26%, and (d) cost of living adjustment of 3% annually. The actuarial value of assets was determined using techniques that smooth the effect of short-term volatility in the market value of equities over a four-year period.

Trend information for KUB's contributions to the Plan for the last three years is as follows:

<u>Year Ended</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>
December 31, 2004	\$ -	N/A
December 31, 2003	-	N/A
December 31, 2002	-	N/A

Defined Contribution Plan

Knoxville Utilities Board

The Knoxville Utilities Board has a defined contribution employee retirement savings plan covering all full-time employees, which provides for stipulated matching contributions and discretionary contributions by the Knoxville Utilities Board, as determined by its Board of Commissioners. System contributions to the Plan for the year ended June 30, 2005 totaled \$1,187. The Knoxville Utilities Board Pension Plan funds the 401(k) matching contribution using a portion of the excess pension assets accumulated during previous years. The trustee custodian holds the funds until necessary for distribution.

Metropolitan Knoxville Airport Authority

The Metropolitan Knoxville Airport Authority provides retirement benefits for all of its full-time employees through a defined contribution plan that was established under the authority of the Board of Commissioners and is administered by International City Management Association Retirement Corporation. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate from the date of employment.

The Authority's contributions for each employee (and investment income allocated to the employees' account) are vested after one year of employment. Under the terms of the plan, employer contributions are determined annually by the Board of Commissioners. There are no minimum required employer contributions under the terms of the plan. Employee contributions are optional. Employer contributions totaled \$511,098 in 2005. Employee contributions totaled \$53,449 in 2005.

Note: In years 1997 through 2000 the Plan's funding method was changed to the aggregate method. The aggregate actuarial cost method does not identify or separately amortize unfunded actuarial liabilities. Beginning in 2001, an unfunded liability is being calculated for the uniformed bodies section of the Plan as the result of the establishment of Division F. Division F had an initial frozen liability of \$14,246,000 at July 1, 2001. Other sections of the plan continue to use the aggregate method, which does not identify or separately amortize unfunded actuarial liabilities.

Years prior to 1999 include the Knoxville Utilities Board.

Years beginning 2001 Board of Education payroll excludes teachers.

Note: The Plan was established on 7/1/99. Additional years will be presented as they become available.

Schedule of Funding Progress – Firemen and Policemen Pension Act of 1929

Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (b)	Unfunded Actuarial Accrued Liability (UAAL) (b - a)	Funded Ratio (a / b)	Annual Covered Payroll c	UAAL as a Percentage of Covered Payroll ((b - a) / c)
7/1/05	N/A	N/A	N/A	N/A	N/A	Not applicable
7/1/04	N/A	N/A	N/A	N/A	N/A	Not applicable
7/1/03	N/A	N/A	N/A	N/A	N/A	Not applicable
7/1/02	N/A	N/A	N/A	N/A	N/A	Not applicable
7/1/01	N/A	N/A	N/A	N/A	N/A	Not applicable
7/1/00	N/A	N/A	N/A	N/A	N/A	Not applicable
7/1/99	\$ -	\$49,619	\$49,619	0%	\$248	Not applicable (1)
7/1/98	-	48,121	48,121	0%	264	Not applicable (1)
7/1/97	-	48,589	48,589	0%	280	Not applicable (1)
7/1/96	-	45,067	45,067	0%	569	Not applicable (1)

(1) - Because the plan is closed and there are few active participants, the relationship between covered payroll and the plan's unfunded liability is not meaningful

Note: The plan was discontinued at June 30, 2000 and participants became members of the City Employees' Pension Plan.

THIS PAGE IS LEFT BLANK INTENTIONALLY

Nonmajor Governmental Funds

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

State Street Aid Fund	To account for the State of Tennessee shared motor fuel tax revenues that are legally restricted to the maintenance of streets within the City's boundaries.
Community Development Block Grants Fund	To account for Community Development Block Grant Funds.
Abandoned Vehicles Fund	To account for revenues from impoundment and sale of abandoned and wrecked vehicles.
City Inspections Fund	To account for the City's building, electrical and plumbing inspection activities.
City Court Fund	To account for the activities of the City's local jurisdiction court.
Miscellaneous Grants Fund	To account for various police, safety and humane grants and funds.
Animal Control Fund	To account for the City's animal licensing and control activities.
Miscellaneous Special Revenue Fund	To account for funds arising from transportation and public affairs activities.
Miscellaneous Community Development Fund	To account for grant funds restricted for housing and humanity.
Storm Water Fund	To account for activities related to the City's water drainage system.
Solid Waste Fund	To account for the City's recycling and solid waste disposal activities.
City Judges' Retirement Fund	To account for traffic violation fines that are designated for retirement benefits to eligible court judges.
Coster Redevelopment	To account for trust proceeds related to the cleanup of various sites.
Krutch Park Trust Fund	To account for funds bequeathed to the City for the purpose of constructing and maintaining a downtown city park.
Knoxville Civic Revitalization Fund	To account for the receipt and disbursement of Urban Development Action Grant funds.
City Choice Fund	To account for flexible benefits contributed by employees on a voluntary basis.

Nonmajor Enterprise Funds

Enterprise funds are used to account for operations where it is the intent that costs of providing services to the general public on a continuing basis be financed or recovered primarily through user charges and space rentals; or the City has decided that periodic determination of net income is appropriate for accountability purposes.

Metro Parking Fund

To account for the operations of the City's municipal parking facilities.

Public Assembly Facilities Fund

To account for the operation of the City's municipal auditorium.

Internal Service Funds

Internal service funds are used for financing of goods and services provided by one department or agency to other departments or agencies of the government and to other governmental units, on a cost reimbursement basis.

Office Services Fund

To provide printing, copying, mailing and telephone services for all City departments, and office and operating inventory.

Fleet Maintenance Fund

To supply city departments with quality, cost effective rolling stock that is in continuous state of good repair and capable of efficient performance in the service for which it is assigned.

Risk Management Fund

To account for the cost of insurance and claims against City employees or injury to citizens while on City property.

Employee Health Insurance Fund

To account for the City's comprehensive health and medical coverage plan for its employees and their families.

Equipment Replacement Fund

To account for the planned and systematic replacement of departmental operating equipment.

City Buildings Fund

To account for the cost of building rentals and maintenance costs.

2004	174	2,939,928	234,489	7.98%	1,348
2005	174	3,329,448	217,998	6.55%	1,253

Note:

(1) Source: U.S. Census.

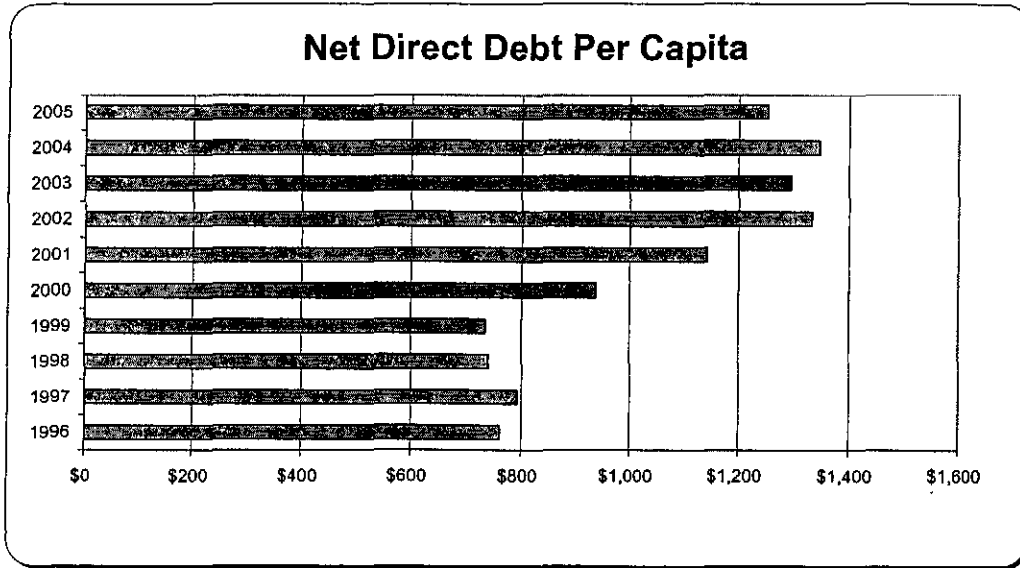

(2) By state law (TCA 67-5-1601, et. Seq.), all City property appraisals are made by Knox County.

For tax years 1995 through 2001 the ratio of appraisal value of all property in Knox County (including the City) to true market value was 89.6%.

The ratio for subsequent tax years is 100%.

Assessed value is for previous property tax year.

(3) Includes general obligation bonds, Section 108 loans (1995 through 2001), and capital outlay notes.
