## **Section 1: General Information**

### **Homeless Grant Essential Information**

The City of Knoxville is seeking non-profit agencies to carry out activities that work collaboratively with community efforts to prevent, reduce and end homelessness in Knoxville.

A detailed description of the priority activities under the City's 2015-2019 Consolidated Plan that will impact funding for projects/activities during that period will be provided at the mandatory Technical Assistance (TA) Workshop for Homeless Grant applicants

Prior year grant awards have ranged from \$10,000-\$50,000. Notice of Award is expected in May following City Council approval of the annual budget.

There is no limit to the number of applications an agency may submit, but each project should be submitted as its own application. Applications selected for funding may receive less than the requested amount depending on the number of applications received and available funds. Funding is not guaranteed to any agency or project.

### **Eligible Applicants**

Non-profit agencies are eligible to apply for Homeless Grant funds, and each applicant must have the authority to submit the application and to carry out the proposed project/activity pursuant to its charter and by-laws. Eligible agencies must serve the homeless through emergency shelter, direct supportive services, or through any combination of those categories. Transitional Housing may be included under the Emergency Shelter category.

### **Matching Funds**

All projects are required to provide (and document) 1:1 matching funds for every Homeless Grant dollar spent. Match may come from cash, in-kind services or donations, or a combination of cash and in-kind sources.

### **Homeless Management Information System (HMIS)**

All agencies receiving Homeless Grant funding from the City of Knoxville are required to participate in the local Homeless Management Information System (HMIS) or, unless prohibited by law to do so, may submit a comparable database that must be approved by UT HMIS prior to executing a contract with the City of Knoxville. HMIS is a linked database that helps providers

of services, shelter, and housing for the homeless to coordinate services while avoiding duplication. The system provides community-wide data on homelessness, as well as reporting information and measurements of success for individual agencies.

### **Mandatory Technical Assistance Workshop**

Prior to submitting an application, all agencies are required to attend a Technical Assistance (TA) Workshop conducted by City staff. The workshop is scheduled for 11:00 a.m., on Thursday, February 8, 2018, at the O'Connor Senior Center, 611 Winona Street, Knoxville, TN 37917. In case of inclement weather, the workshop will be held on Monday, February 12, 2018, at 11:00 a.m. (same location as previously listed).

### **Incomplete Applications**

Once received, all grant applications will be screened for eligibility and completeness. Incomplete or ineligible applications will not be considered for funding.

### **Application Review and Selection**

Completed applications for eligible projects will be rated in a process that considers the following: applicant capacity, project quality, operational feasibility and need for the project, including project's adherence coordination with community efforts to prevent, reduce and end homelessness in Knoxville. The ratings will be used as a guideline for project selection.

### **Funding Duration, Reporting Requirements and General Regulatory Compliance**

Project funding will be available on or about July 1, 2018 and will remain effective until June 30, 2019. All projects should be designed to begin immediately and conclude by this deadline, as the City does not intend to grant extensions.

The Homeless Grant program is operated on a reimbursement basis. Projects do not receive advance funds, and agencies committing or expending funds prior to July 1, 2017 will not be reimbursed.

Quarterly reports are required for all projects, as are completion reports. Additional reporting and/or information may be required depending on the scope of the project.

All projects must comply with the federal regulations applicable to individual project activities. These regulations may include (but are not limited to): Environmental review, federal procurement standards, Fair Housing and Equal Opportunity regulations, Section 3 Regulations, lead based paint regulations, and federal fiscal/audit standards. Projects are monitored through technical assistance, site visits, and formal file reviews.

Regulations specifically related to the ESG program can be found at: [www.gpo.gov/fdsys/browse/collectionCfr.action?collectionCode=CFR](http://www.gpo.gov/fdsys/browse/collectionCfr.action?collectionCode=CFR) . Applicants are advised to verify the accuracy and completeness of any regulation with their own counsel.
