

2013 Alley Paving Project

Project Description: This project includes the paving of 63 alleys. These alleys routinely have maintenance issues due to the existing gravel surface and, in some cases, serve as the primary access to properties off of these alleys. Once they are paved, the alleys will better support truck traffic for garbage collection. These alleys were selected with input from the Public Service Department. Future alley paving projects will address remaining gravel alleys around the City based on input from the Public Service Department.

Schedule:

Bid Opening: August 8, 2013

Notice to Proceed: October 14, 2013

Contract Completion Date: January 11, 2014

Current Contract Price: \$ 377,398

December 2013 Status: This project includes the paving of sixty-three alleys citywide and west of N. Broadway. The project is complete.
