

THREE STATE BILLS PASSED BY SENATE

Appropriation of \$100,000 Voted to Build Institution for Feeble-Minded.

An appropriation of \$100,000 for acquiring a location and the construction of an institution for the care of feeble-minded children; an increase in the salary of the State Commissioner from \$1,500 to \$2,500 a year, and authority for the State Funding Board to borrow \$1,000,000 were chief provisions of the three general bills which passed the Senate on third and final reading at its session yesterday afternoon.

The original bill introduced by Senator Cameron, authorizing the Board of Administration to provide for the care of the feeble-minded carried an appropriation of \$50,000. Senator Fuller, however, offered an amendment increasing this amount to \$100,000, on the condition that under present conditions very little could be done in the way of building operations on the amount specified in the original measure. The amendment was accepted and the bill was passed without opposition.

In adopting the bill authorizing the State Funding Board to borrow \$1,000,000, it was explained that this money was to be used in restoring to the State Treasury the sum which had been used in paying off matured bonds, and which it was deemed wise to renew. It was further explained that the amount did not represent a new debt incurred by the state under the present administration, but that it was the same old debt that has been hanging over since the administration of Governor Hooper.

Dairy Commissioner Raised. The State Dairy Commissioner's salary was increased from \$1,500 to \$2,500 because of the additional work that he is now required to shoulder. The appropriation for his department was increased from \$3,000 to \$4,000.

Only one bill was introduced, Senate Bill No. 10, by Senator Chandler, authorizing a bond issue for Cleveland.

The following local bills passed third and final reading:

House Bill No. 3, substituted for Senate Bill No. 56, to amend the road law of Henderson County.

Senate Bill No. 13, relating to the County Judge of Deaton County.

Senate Bill No. 93, to authorize Brazil school district, Gibson County, to issue bonds.

Senate Bill No. 81, bond issue for Greene County.

House Bill No. 78, substituted for Senate Bill No. 90, to authorize Elizabethton to issue bonds for school purposes.

Senate Bill No. 90, to amend road law for Lincoln County.

Senate Bill No. 91, to provide for maintaining public roads.

House Bill No. 12, to increase rate of interest on bonds in Hamilton County.

Senate Bill No. 101, to authorize city of Knoxville to issue bonds.

House Bill No. 57, substituted for Senate Bill No. 57, to amend road law for Monroe County.

Senate Bill No. 110, to amend Chapter 683, Private Acts of 1919. Applicable to Haywood County.

Senate Bill No. 100, to create Criminal Court stenographer for Davidson County.

Senate Bill No. 77, with reference to the soldiers' memorial, set for hearing at 11 o'clock this morning under special order.

The bill provides for the appropriation of \$100,000 for a national victory memorial building at Washington, and authorizes a bond issue.

At the morning session of the Senate, the following new bills were introduced:

No. 120, by Speaker Todd—An act to appropriate \$50,000 to purchase real estate and erect dormitory buildings for the use of the state normal at Murfreesboro.

No. 123, by Dorris—An act to amend Chapter 88 of the Public Acts of 1907 and 1908, the same being an "Act to change the Eighth and Second chancery divisions of the state, and for other purposes."

No. 124, by Dorris—An act to amend act fixing compensation of court officers of Criminal Court of Davidson County.

Invents Talking Clock

Philadelphia's famous "Talking Clock," with Joseph Pinto, who, with his father, Vicente Pinto, invented it. The clock can strike the hours, but turning a handle causes it to speak them. At 6 a. m. it calls: "Time to get up. It's six o'clock," and at 11 p. m. a stern voice announces: "Time to go home, young man. It's 11 o'clock." And messages can be delivered at any hour of the day.

SUFFRAGE VICTORY BRINGS JUBILATION

Women Leaders Are Proud Tennessee Fulfilled Obligation to Nation.

Women workers for suffrage at the Capitol were rejoicing today at the passage of the federal amendment which gives the ballot to women of the United States. Expressions from some of the leaders in this fight for equal rights follow:

Mrs. Carrie Chapman Catt, president of the National American Woman Suffrage Association, said:

"Tennessee has triumphantly closed the sixty years of the women's struggle for the right to have their prayers counted on election day. The gallant men of the Volunteer State, unafraid of the noisy threats meant to intimidate, have opened at last the long-locked door through which millions of grateful women will pass to political freedom.

"Ratification of the amendment is more than a victory for woman suffrage. It is proof of the inviolable integrity of the Tennessee legislature, a fact which should fill every Tennessee heart with pride. In this hour of victory there is but one regret, and that is that every man and woman in the nation does not share our joy. Today there are those yet too blinded by prejudice to recognize the justice and inevitability of woman suffrage, but tomorrow we know that we shall work together for the common good of this great and glorious nation."

Mrs. Harriet Taylor Upton, vice-chairman of the National Republican committee, and for 30 years a member of the executive board of the National American Woman Suffrage Association, said:

"It was especially gratifying to me that the first voice to ring out in favor of woman suffrage on the House roll call in Southern Tennessee was that of a Republican. The Republican party is the party of progress both South and North."

Wires to Lee. Immediately after the vote Mrs. Catt sent the following telegrams:

To Governor Cox: "Tennessee has ratified. The National American Woman Suffrage Association thanks you with entire satisfaction for your insistent demand that the Democratic platform calling for a thirty-sixth state before the November election should be carried out. Democrats here responded to your appeal."

To Senator Harding: "The National American Woman Suffrage Association, rejoicing in the completed ratification of the suffrage amendment through the action of the Tennessee legislature, wishes to thank you for voting in the Senate to submit the amendment and for your efforts with Tennessee Republicans to put into effect the Republican platform."

To Will H. Hays, chairman National Republican committee: "Tennessee has ratified. Your loyal support for the past three years has been a most important factor in making possible the ratification which rejoices the hearts of millions of members of the National American Woman Suffrage Association."

To George White, chairman National Democratic committee: "Tennessee has ratified. On behalf of the National American Woman Suffrage Association which caused the introduction of the Federal suffrage amendment in Congress in 1878 I offer our sincere gratitude for the unsparing support of yourself and your committee."

Mrs. Milton Grateful. Mrs. George Fort Milton, chairman of the Tennessee League of Women Voters, said:

"The great victory was won by the men of Tennessee for the women of America. To them goes our greatest gratitude. To the women of the state, also, who have worked so hard for suffrage, is due much of the praise. Throughout the state the organization of the League of Women Voters was perfect, and its work effective."

"The men of the present Legislature are the finest body ever gathered at Capitol Hill, and we know they would see the light. They have seen justice done to us; we owe them eternal gratitude for enfranchising us."

LEOPARD CANNOT CHANGE SPOTS

Mr. Dodson, the "Liver Tone" Man, Tells of the Treachery of Calomel.

Calomel loses you a day! You know what calomel is. It's mercury, quick-silver. Calomel is dangerous. It crushes into your bile ducts, cramps and sickens you. Calomel attacks the bones and should never be put into your system. When you feel bilious, sluggish, constipated and all knotted out and believe you need a dose of dangerous calomel just remember that your druggist sells for only cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and cannot salfate.

Don't take calomel! It cannot be trusted any more than a leopard or a wildcat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. Give it to the children, because it is perfectly harmless and doesn't grip. (adv.)
