(Please attach a sketch of the proposed design of physical projects, such as parks, signs, and major landscaping projects.)
D. Measure the Results

What are your project goals? How will you measure your success?

Measurable goals could be things like frequency of a particular activity (potluck supper), number of residents participating in a social event, number of residents reached in a door-to-door survey, and percentage of those residents who get involved in the organization in some way.

You can also measure success with more subjective evidence, such as testimonials, first-hand accounts, and narratives of the impact of your project.
E. **Project Work Plan and Timeline**

Please complete the following Project Work Plan and Timeline. Chronologically and separately list each key step or task that will be necessary to carry out your project; name the actual person(s) in charge of carrying out each task (DO NOT name “Board” or “Committee”); and indicate with a check mark in which quarter the task is to be completed.

G. Matching Contributions – *Need To Be Equal or Greater Than Grant Request*

The money you receive from the Neighborhood Small Grants Program must be matched on a dollar-for-dollar basis with the total value of volunteer labor; donated goods and services; and any non-NSGP, non-City-of-Knoxville cash income dedicated to the project. **The total of your matching contributions must equal or exceed the amount requested from NSGP.**

At least one third of the match must be in the form of volunteer labor provided by **three or more residents**.

Funds from other City of Knoxville sources, such as City Council 202 funds, can be used in an NSGP-funded project, but they cannot be used for the match.

For volunteer labor, calculate the value based on $15/hour. Labor donated for specific professional services can be charged at that professional’s rate, which should be specified in a letter to you and attached to this Application.

H. Budget Narrative

Some line items in your project budget and matching contributions may need an explanation. If so, use this space to elaborate.

How will the project or improvements be maintained after the grant ends? Have you been able to identify other possible sources of funding?

If you receive some funds, but not the total amount you requested, how would you modify your project?
