The days are just packed here at the Knoxville Arts & Fine Crafts Center! The winter has finally given way to gorgeous sunny days and trees filled with bright green leaves! It's time for summer!

It has been under wraps for a while, but we can now announce that we are very pleased to welcome Lori Sloan Laubach to the KAFCC team. Lori is filling the position of Art Specialist for the Knoxville Arts & Fine Crafts Center!

She is no stranger to us though. Lori worked as an intern during our summer program for five years!

She earned a bachelors degree from Tennessee Tech University where she studied at the renowned Appalachian Center for Craft and has her masters degree in art education from the University of Tennessee.

Recently, she spent 5 years as an instructor in Knox County Schools, and we are over the moon that she has decided to join our team full time. She is a talented artist, an experienced teacher and we can't wait to see how the Center thrives with her on board.

We are also pleased to wel-

come a number of talented new teaching artists for the summer including Kelly Coffey teaching camps incorporating mixed media, drawing and sculpture, David Dykes who will be teaching writing, editing, mixing and more in his podcast workshops for teens, and talented potter Tina Rosling who will be sharing her expertise in clay this summer!

Hope to see you,
Elise
