CONTACT (optional): _____

FEEDBACK OR QUESTION

How much will tickets cost? Will
there be a way that low income families
will be able to enjoy the museum too?

PARTICIPANT FEEDBACK

CONTACT (optional)

FEEDBACK OR QUESTION

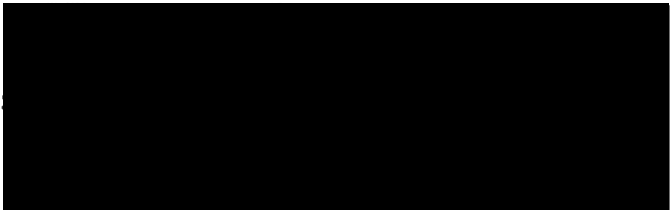

Why do 3rd set of diagonal members
in Option 2 not meet @ ground !?!
(this is irksome)

FEEDBACK OR QUESTION

- ① Please try to connect Gay Street to the museum by bike and pedestrian-friendly sidewalks. It would be great if one could walk safely + easily from UT/Kerr to Gay St. to the museum. ~~Make~~ # make Knoxville walkable.
- ② Please urge the KCS to work with you to create a

Public School
MIDDLE
SCHOOL
~~PROPOSAL~~
(that would feed
into L&N)
that could
be walkable
to the museum
(e.g. location
of
Green
Market).

FEEDBACK OR QUESTION

- 1) I would be interested in volunteering ~~for~~ in some capacity for "science requirements/implementation" if that would be possible. expertise - area biology, genetics, applications of life sciences ~~and~~ natural history of organisms & genomes.
- 2) ~~For~~ Would strongly recommend use of 3-d printing for hands-on natural history objects. Many templates online. Even print your ^{staplers} own.
