Mr. Scott Elder
Board of Zoning Appeals
Room 505, City-County Building
P. O. Box 1631
Knoxville, Tennessee 37901

Dear Mr. Elder:

Re: Variance Request 11-G-18-VA

We have reviewed our records and find that we have existing utility facilities located on or near the above referenced property. The approximate location of these facilities is indicated on the enclosed print. However, KUB does not release and hereby retains all easements and rights for existing facilities, whether or not shown on these prints.

Should the variance be granted, KUB will require the following permanent utility easements for its facilities.

Electric – 10 feet on each side of the centerline of the electric line, 20 feet total width

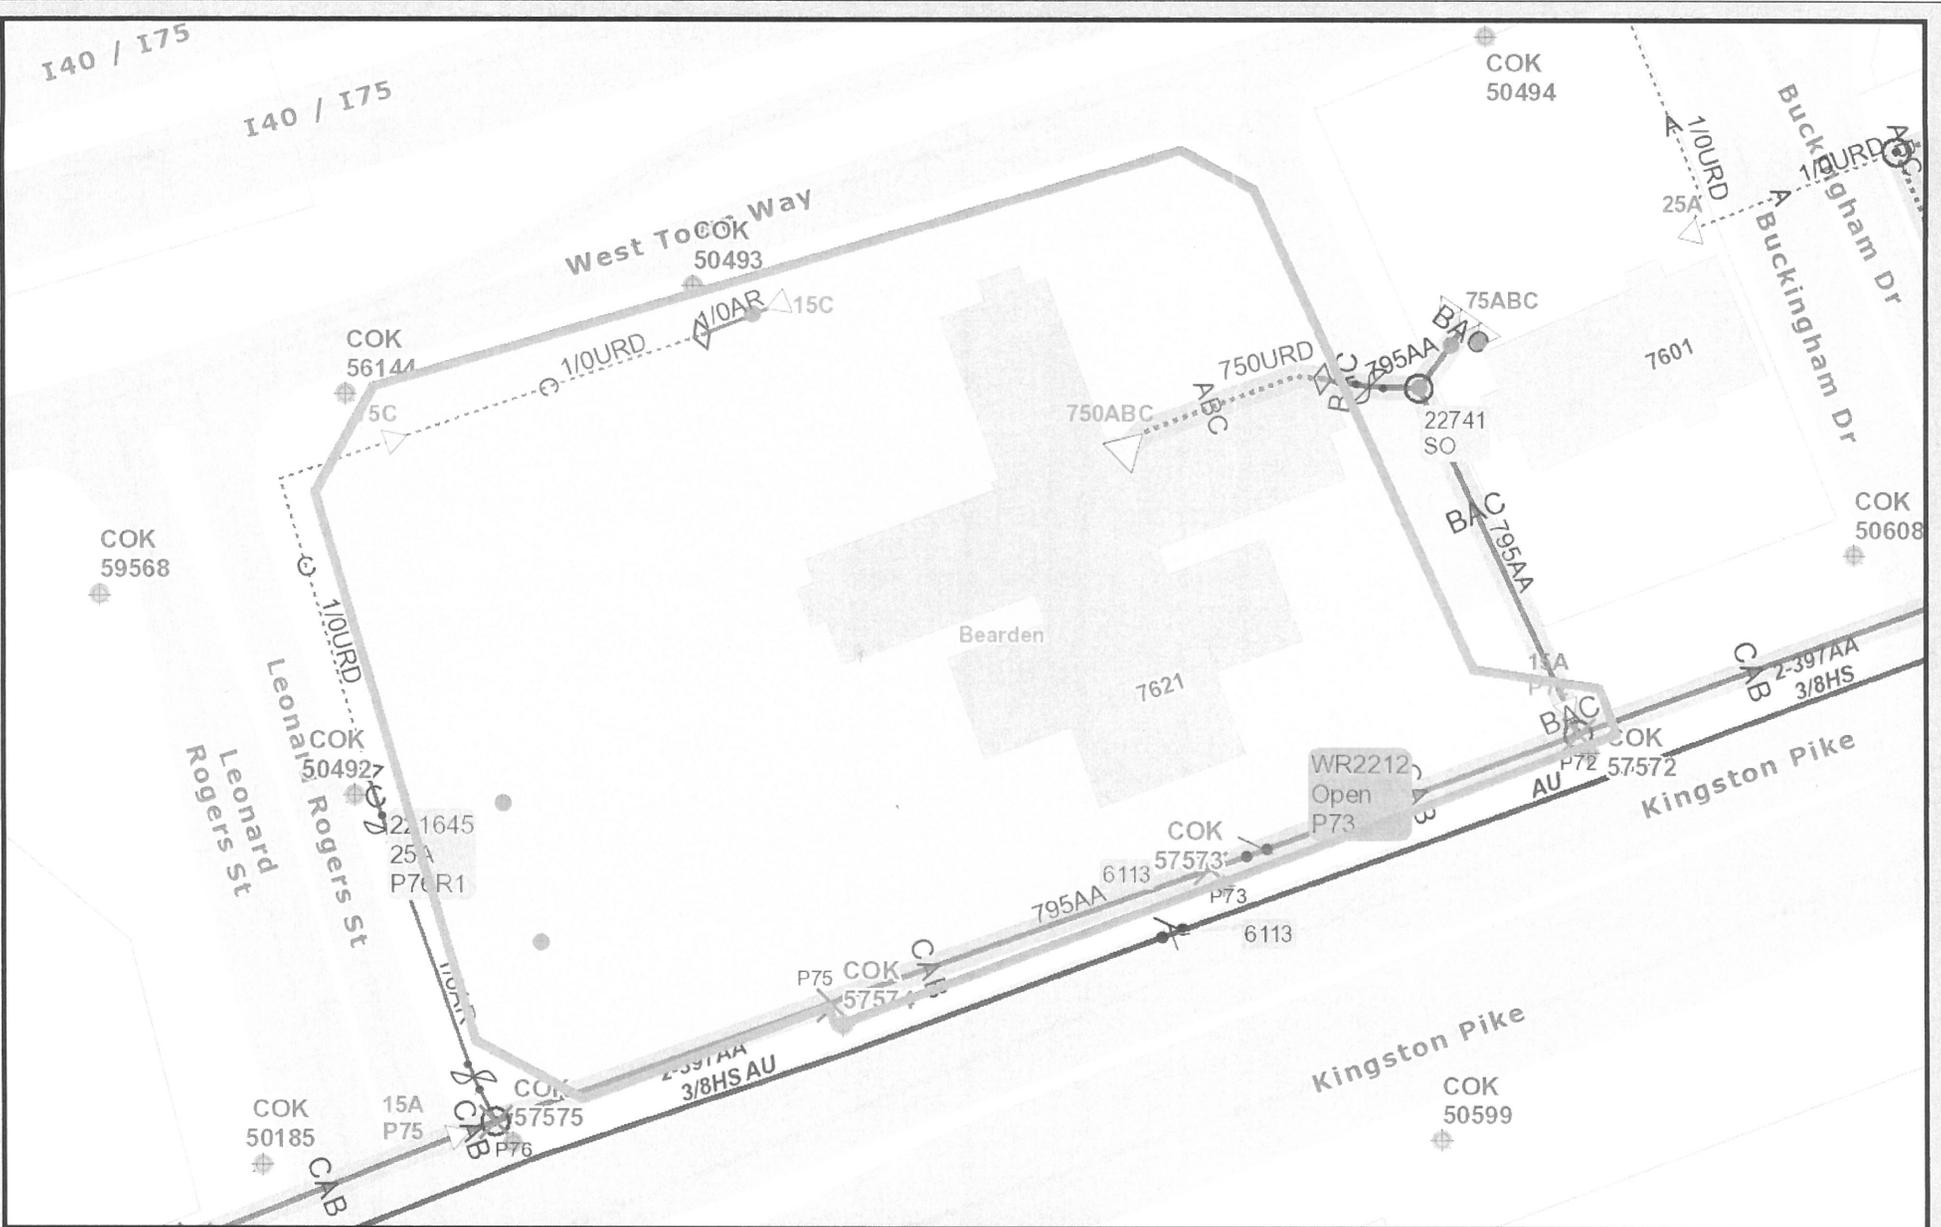

So long as these conditions are met, KUB has no objection to the granting of this variance. If you have any questions regarding this matter, please call me at (865) 558-2483.

Sincerely,

Christian G. Wiberley
