**City of Knoxville
Summer Break Opportunity Youth Engagement Micro-Grant
Summer 2023**

Program Overview

The City of Knoxville recognizes that breaks in activities such as school and recreational programming provide opportunities to engage young people and provide expanded experiences that may not be feasible during regular programming hours. Connecting young people to positive networks and engaging them in opportunities associated with personal, community, and social development can begin the process of dismantling barriers to success, expanding perceptions of what is possible, and focusing on community strengths and assets. (Currie, Elliot. *A Peculiar Indifference: The Neglected Toll of Violence on Black America*. Metropolitan Books, 2020; 219-222.)

The City of Knoxville seeks to provide grant funding to non-profit and community-based organizations, including smaller organizations, capable of providing high-quality summer youth programming and/or summer youth employment in or around Knoxville. Proposals should specifically engage young people identified as being at highest-risk of involvement in violent crime based on Opportunity Youth criteria (see "How Funds Can be Used" section) during Knox County Schools summer break.

The City of Knoxville has funding available in this round of grants to be awarded in June 2023 for programming carried out between June 5, 2023 and August 17, 2023. Awards may range between \$3,000 - \$20,000 and shall specifically support programming, stipends, payment, or other services directly for the Opportunity Youth ages 16 to 24 engaged in programming.

This is a competitive process. Some applications may not be funded, and some may be only partially funded. Additionally, previously receiving funding does not guarantee selection for funding this cycle.

Applications must be received by 4:30 p.m. Thursday, April 6, 2023.

A post project report of the programs or activities administered, number and demographics of opportunity youth served, and impact of programming must be submitted at the end of the grant cycle.

Any applications that are not received by 4:30 p.m. on Thursday, April 6, 2023, or that do not have all requested paperwork, will **not** be accepted. No applications by fax, please.

2. Funding Disbursement

To receive funding, an applicant must be a nonprofit organization with tax-exempt 501(c)(3) status or have secured a Fiscal Sponsor. (See Fiscal Sponsor section in this document.)

An applicant cannot discriminate on the basis of race, creed, color, religion, sex, age, national origin, or disability when carrying out any aspect of the funded project.

Funds generally will be distributed in a single payment up-front upon execution of the grant agreement. The City reserves the right to hold a portion of final grant funding until after submission and approval of an End-Project report.

Checking Account: To receive funding directly from the City, an applicant must have a checking account prior to receiving the first check. However, if you use a Fiscal Sponsor, you may not need a checking account depending on how your Fiscal Sponsor handles your receipts and invoices. It is not necessary to possess a checking account at the time you submit an application.

Fiscal Sponsorship

Grants can be made only to tax-exempt organizations with 501(c)(3) status.

If an applicant has a 501(c)(3) determination letter from and is in good standing with the Internal Revenue Service (IRS), that applicant can receive funding directly from the City. A W-9 form will be requested in order to provide funding if the City does not already have one from your organization. Each applicant must include a copy of its IRS Designation Letter, verifying the organization's non-profit status, and a copy of the organization's most recent annual report/budget.

Organizations without such tax-exempt status may receive support by partnering with a tax-exempt organization willing to serve as the organization's fiscal sponsor consistent with applicable law. Funds are dispersed to that sponsor, which then provides the funds to the sponsored organization. You may partner with a fiscal sponsor of your choosing. You will be responsible for setting this up on your own.

Please Note: By law, churches and other religious organizations may not serve as fiscal sponsors for taxpayer-funded grants.

3. How Funds Can Be Used

Funds must be used to support programming that serves Opportunity Youth ages 16 to 24 at highest risk of becoming a victim of violent crime or perpetrating violent crime. For this program, these young people are referred to as "Opportunity Youth." **Opportunity Youth identifiers include:**

These guidelines have been updated as of Tuesday, March 14th, 2023.

- **Member of, or associated with, an active crew/group/gang**
- **Juvenile or criminal system involvement**
- **Disconnected from school, work or consistent participation in community-based programs/services**
- **Previous violent crime victim**
- **Close friend or family member who was shot in the last year**

Programming should be designed to specifically engage Opportunity Youth and provide meaningful activities and experiences during Summer Break. Recruitment of participants should especially focus on Opportunity Youth not already connected to existing programming.

When completing the required Budget Form, applicants should estimate the actual costs of supplies, services, and other costs that are expected to be needed to support Opportunity Youth during Summer Break 2023.

4. Program Reporting

The Office of Community Safety will require an exact accounting of how all funds are spent. Funded organizations will consent to allowing City staff to observe funded programs in action.

Funded organizations will file a post project report, due no later than Friday, September 29, 2023. The post project report will include demographic information for youth served, summaries of activities or services provided, pre-test and post-test data (when administered), summaries of post-summer referrals or continued engagement plans for participants, and other data as requested. A template for the post-project report will be provided to awardees prior to the beginning of the project cycle.

The post project report must be accompanied by receipts for all expenditures paid through this award. Failure to provide a report and receipt in a timely manner may result in the organization's forfeiting of any grant funds held by the City and/or the organization's suspension from future consideration for funding.

Additionally, funded organizations will be required to distribute pre and post surveys to its participants that identifies resiliency measures to assess impact of programming. These surveys will be provided both before programming begins and after programming ends.
