Let’s Get Started

Your benefits offer you many options for your dental care needs. To get the most value as a member, learn more about:

› Finding a dentist or other provider.
› Confirming your benefits.
› Checking your claims and benefit availability.
› Getting answers to any question about your coverage.
› Other discounts associated with your plan.
› See the details of all the benefits your plan covers in your Evidence of Coverage (EOC).
Getting to Know Your Member ID Card

If you haven’t already received your ID card(s), you’ll get them in the mail soon. Keep an eye out for them — your cards include a lot of important information.
Sample Member ID Card

Your card will differ based on your plan and plan selections.

1. Your ID number
2. Your group number
3. The coverage included with your plan
4. Member Service phone number
5. Address for filing claims and sending correspondence

Some services on this sample Member ID card may not apply to your plan, or you may have additional benefits not listed. Check your EOC to see exactly what’s included in your plan.

Tips for Using Your Card

› Always carry it with you.
› Protect it as you would a credit card.
› Show it whenever you receive dental care.
› Find providers in all 50 states.
How We Cover You & Your Care

We pay different amounts to cover different services. We call this list your “Schedule of Benefits,” and it groups different services into one of four levels. Your plan may not cover certain services at all. See the example below.

**COVERAGE A**
Diagnostic and preventive services such as exams, cleanings and X-rays

**COVERAGE B**
Basic services such as fillings and extractions

**COVERAGE C**
Major services such as crowns, bridges and dentures

**COVERAGE D**
Orthodontic services such as braces and retainers

Note: Services may vary based on your plan or contract. Some plans do not include coverage for all four levels, move services from coverage B to C or have waiting periods.
Here’s How You Can Save

Know What Your Plan Pays

Don’t let the cost of your care surprise you. Before you get any non-emergency care, you and your dentist can ask us how much we’ll cover for each service. We call this request a “predetermination of benefits,” and we recommend your dentist asks for one any time a service may cost more than $200.

Networks Stretch Your Benefit Dollar

Even though some restorative and specialty services cost $1,000 or more, most of our dental plans still have an annual maximum benefit of $1,000. This means that your benefits go further when you see providers in your network.
Before You Get Dental Care

It’s easy to protect your family’s teeth by following these two simple steps:
Find a Provider in Your Network

Visit bcbst.com and click on Find a Doctor to begin your search.

Make an Appointment and Show Your Member ID Card

Once you’ve chosen a provider, call to make your appointment and confirm they’re in your network. Or, stop by one of the many network providers who offer walk-in appointments. Some also offer evening and weekend hours to fit your busy schedule.

Dental network providers will charge you based on the in-network member cost listed in your benefit summary and will file claims directly with the dental claims administrator. You will be responsible for any copayments, non-covered costs and costs above your plan allowances.

Who Covers Care That’s Already in Progress?

If you had another insurance plan before you joined us, you’ll want to know who covers your current, ongoing care—us, or your old insurance company.

We ask dentists to bill their services based on the completion date. If the completion date is before the date your coverage starts with us, you’ll have to see if your previous insurer will cover your treatment. If the completion date is after the date your coverage starts with us, we’ll cover your care according to your benefits.

Orthodontics*

Any actual services (e.g. initial banding) for orthodontic treatment that began prior to the effective date of coverage with us should be filed with your previous insurer. However, any orthodontic services (e.g. monthly adjustment fees) received after your coverage with us starts should be filed with us, and we’ll apply these costs to your orthodontic maximum.

* Not all plans cover orthodontics. Check your EOC or benefit booklet to see if you have these benefits.
Getting the Most From Your Plan

Use Dentists in Your Network

Part of the benefit of having insurance is that we negotiate a member discount with our in-network providers. These discounts help keep your costs lower.

Watch Out for Hidden Out-of-Network Costs

Out-of-network dentists haven’t agreed to those member rates with us. If you go to one, we’ll pay your benefits at the same rate as our in-network dentists.

The out-of-network dentist may send you a bill for any fees over that discount amount, and you’ll be responsible for paying the difference.
Healthier Mouth, Healthier You

In addition to helping you keep a healthy smile, they can identify diseases and medical conditions. Prevention and early detection lead to better health. Most plans cover the following items at 100% when you use a network provider:

› Two exams per year
› Two cleanings per year
› One set of bitewing X-rays

*Check the Benefits & Coverage section of BlueAccessSM to see the exact details of your plan.

Help Understanding Insurance Terms

The online glossary can help you better understand insurance terms such as “Effective Date” and “Maximum Allowable Charge.” To understand the meaning of a term, you can check there for an easy-to-read description. The online Medical Policy Manual gives you easy-to-find information to help you understand new medical technologies and whether they are appropriate for your particular situation. The manual's medical policies identify technologies as medically necessary, not medically necessary, investigational or cosmetic. By researching technology in advance, you can use your health care dollars more wisely.
