

Your Recycling Cart is on the Way!

- You should receive your recycling cart within the next 2-4 weeks.
- Waste Connections will pick up your recycling every other week. To find out your service day and week, check when your neighbors set out their brown carts or call Waste Connections at 522-8161.
- Please roll your recycling cart to the curb by 7 a.m. on your service day.

FOR RESIDENTS WHO LIVE ON AN ALLEY:

All new recyclers are required to set their recycling carts at the street curb, even if their trash is picked up in the alley. The recycling trucks are larger than the trash trucks and cannot always fit in alleys, necessitating curbside pickup. Thank you.
